FLOWER SEEDS

AFRICAN DAISY #Y1145 Annual. A hardy, spreading annual, with daisy-like flowers. Blooms are 2-4 inches across, in brilliant shades of white, yellow, and orange. An excellent variety to sow in early spring, as it will produce extravagant color for weeks. Whether in rock gardens, floral gardens, or in mixtures, you will be delighted with this outstanding performer. Blooms: Spring to Fall. 750 mg. packet, Livingston Seed Co.

Regular \$4.69 Our price \$1.39

ALYSSUM, Carpet of Snow #Y1005 Annual. Because it is covered with tiny flowers from spring until frost, Carpet of Snow has been a garden border favorite for generations. Alyssum provides honey-like fragrance for window boxes and hanging baskets, though its primary role is as an edging plant. Carpet of Snow is a mound of color in rock gardens, along walks, or just filling in empty corner. An easy to grow gem! Blooms: from first Spring flowering until frost. 1.5 g. packet, Livingston Seed Co. Regular \$4.79 Our price \$1.39

ALYSSUM, Royal Carpet #Y1010 Annual. For a regal addition in containers, flower beds, and borders, use these deep violet blossoms as a charming accent. Very low growing with gray-green foliage, Royal Carpet blooms early and is sweetly scented. Blooms: Spring / summer. 500 mg. packet, Livingston Seed Co.

Regular \$4.69 Our price \$1.39

AMARANTH, Joseph's Coat #Y1015 Annual. A blazing whirl of fantastic color. Joseph's Coat is beautiful when used in containers, edging, or mass plantings. So striking, it can be planted as a specimen plant. Celebrate with the fireworks of this spectacular centerpiece. Blooms: Summer/Fall. 300 mg. packet, Livingston Seed Co. Regular \$4.99 Our price \$1.59

AMARANTH, Molten Fire #Y1020 Annual. Molten Fire is a brilliant blaze of burgundy, magenta, and a radiant red. This is an outstanding Amaranth with its majestic colors demanding center stage attention as a backdrop or as a specimen plant in your garden. Add flare to a cut flower arrangement with Molten Fire. Blooms: Summer/Fall. 300 mg. packet, Livingston Seed Co. Regular \$4.89 Our price \$1.49

AMARANTH, Love Lies Bleeding #Y1025 Annual. Create your own exotic focal point with Love Lies Bleeding. The stately plant has long-lasting tassels reaching 18 inches, adding color and interest to your garden. Fresh or dried, the lavish and draping plumes of red will bring drama to your bouquets. Blooms: Summer. 450 mg. packet, Livingston Seed Co. Regular \$4.89 Our price \$1.49

ASTER, Single Rainbow Mix #Y1030 Annual. In a full spectrum of color, these old-fashioned favorites add a bit of nostalgia to garden beds. Cheery single blossoms open in a show of cream, cherry, rose, fuchsias and lavender. Aster Single Rainbow Mix will ensure colorful cuttings and bouquets all summer long. Blooms: Summer/Fall. 300 mg. packet, Livingston Seed Co. Regular \$4.89 Our price \$1.49

BABY'S BREATH, White (Gypsophilia) #Y1041 Annual Clusters of Baby's Breath are the finishing touch in fresh and dried arrangements. The many small, light and airy white flowers are perfect in borders and gardens as well. You can place Baby's Breath upright or hang upside down in a dry, open, airy place to dry. Height: 24"-30". Blooms: Summer. 2.25 g. packet, Livingston Seed Co. Regular \$2.49 Our price \$1.79

BABY'S BREATH, Snowflake (Gypsophilia) #Y3000 Perennial. At last! Perennial Baby's Breath forms an airy cloud that really fills in a mixed border. Fresh or dried bouquets are not complete without it. Plant in a hanging basket for an added touch of elegance. Easy to grow! Height: 30-36". Blooms: Summer. 250 mg. packet, Livingston Seed Co. Regular \$4.89 Our price \$1.49

BABY'S BREATH, Pink (Gypsophilia) #Y1035 Annual. Think pink. A nice contrast to the standard White Baby's Breath. Just the thing for tucking between coarser plants for a soft transition. Can be an airy filler in

fresh or dried flower arrangements. You can place Baby's Breath upright, or hang upside down in a dry, open, airy place to dry. Blooms: Summer. 2.25 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

BACHELOR BUTTON, Black Ball #Y1045 Annual. Crimson-black, 2" double fringed blooms make Black Ball Bachelor Button a superb cutting flower. Looks exceptionally pretty planted in a mass. Butterflies love this "perky posy". Bachelor Buttons are excellent, as they retain their color when dried. Height: 24" to 30". Blooms: Summer thru Fall. 1.25 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

BACHELOR BUTTON, Choice Mixture #Y1055 Annual. Bachelor Button grows best in a roomy part of the garden. A mass planting is a nice effect. The blooms float above tall stems in a range of blues, purples, pinks, reds, and white. Blooms are 1 to 2 inches across. Attracts butterflies. Blooms: Early Summer to fall. 1.25 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

BACHELOR BUTTON, Classic Romantic Mix #Y1061 Annual. Classic Romantic Mix is a captivating mixture of single and semi-double flowers in shades of white, pink, and red. This is a gorgeous display of color and sizes in your cottage garden, borders, or used as a cut flower. This is an easy variety to grow, and is long flowering. Try Classic Romantic Mix Bachelor Button and be infatuated, too! Blooms: Summer. 1 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.59**

BACHELOR BUTTON, Dwarf Double Polka Dot #Y1065 Annual. Ruffled, tufted double flowers of deep blue, rose, white and pink. Polka Dot is a lovely mixture, excellent in massed beds or borders, and fresh cut flower bouquets. An early bloomer that is easily grown outdoors. Blooms: Spring - Summer. 1.25 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

BALLOON FLOWER #Y3005 Perennial. Everyone loves balloons! The buds resemble little hot air balloons that open into violet blue, five-pointed stars. For a gorgeous accent, plant Balloon Flowers in your garden among Foxgloves, Hosta's and Lamb's Ear. Also, they look great in borders and containers. Blooms: Late Spring, and again late Summer. 175 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

BALSAM, Bush Flowered Mix #Y1070 Annual. Victorian favorite. Balsam is a colorful, carefree annual with semi-double or fully double, frilly flowers. These plants have thick, juicy stems and medium, spiky-edged, light green leaves. Blooms two inches in diameter, single or in small clusters from the leaf axils close to the stem. Colors include white, pink, rose, red, or violet. Long flowering. Blooms: Summer and Fall. 650 mg. packet, Livingston Seed Co. ~~Regular \$4.69~~ **Our price \$1.39**

BEE BALM #Y3011 Perennial. A striking plant that shows off its flowers as rings of color for each stem. Its nectar attracts butterflies and hummingbirds. Just the right height for a wide range of locations. Bee Balm will flower the second year, with beautiful scarlet, pink, red, and white blossoms. Blooms: Summer/Fall. 90 mg. packet, Livingston Seed Co. ~~Regular \$2.49~~ **Our price \$1.99**

BLACKEYED SUSAN #Y3016 Perennial. Put a kiss of sunshine in your garden. The bright yellow blooms of the Black-Eyed Susan brighten everyone's spirits, whether in mass plantings, or as a cut flower in a vase. Not only will you love the Black-Eyed Susan, but so will butterflies! Blooms: Summer thru Fall. 250 mg. packet, Livingston Seed Co. ~~Regular \$2.49~~ **Our price \$1.79**

BLACKEYED SUSAN, Goldilocks #Y3020 Perennial. Goldilocks, with orange-yellow petals, black centers, and up to 3 to 4 inch blooms, looks beautiful in a mass planting or in a vase. The multi-layered blooms and graceful stems are a perfect combination for your garden. Long lasting and easy to grow. Blooms: Summer thru Fall. 175 mg. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

BLACKEYED SUSAN VINE #Y2520 Annual. Stunning climber! Black-Eyed Susan flowers with a striking center eye, seem to gaze upon the rest of the garden. Shades of yellow, cream and white brighten your fence or trellis. Try it in hanging baskets and window boxes. Easy to grow! Blooms: Summer thru Fall. 950 mg. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

BLANKET FLOWER, Burgundy #Y3030 Perennial. Deep wine-red blooms radiate rich color in the summer garden! Heat, drought, and poor soil tolerant. Just plant and watch it grow! Perfect for borders or mass plantings. Burgundy Blanket Flower is a strong plant that returns with its radiant beauty each spring. Blooms: Summer to Fall. 300 mg. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

BLANKET FLOWER, Gaillardia Aristata #Y3025 Perennial. For a splash of brilliant summer color in a sunny site, try Blanket Flower. The daisy-like blooms of fiery orange, yellow and brown with button-like centers add interest to containers, cutting gardens, and borders. Easy to grow and drought tolerant plant. Blooms: Summer to Fall. 250 mg. packet, Livingston Seed Co. ~~Regular \$4.69~~ **Our price \$1.39**

BLUE SAGE #Y3200 Perennial. You will love it! This garden gem will perk up any setting with its vibrant blue-violet flower spikes, a very deep brilliant blue, almost iridescent. Plant in pockets to accent a mixed border, or mass for a spectacular effect. Will brighten a cut flower arrangement. Deer resistant. Height: 24 to 36 inches. Blooms: Summer to Fall. 250 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

BROOM CORN #Y8020 Annual. Broom Corn has been used to make brooms for generations. Today, many still enjoy growing it to "Craft" their own brooms, for sweeping, or for decorating. The colorful seeds and stems may be used to create gorgeous arrangements, and the strong stems may be used as stakes. Broom corn is actually a tall grass, and forms majestic fan-shaped seed heads instead of ears of corn. Fun to grow for all ages. Broom Corn is a beautiful and useful plant. Days to Maturity: 110. 7 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.49**

BUTTERFLY FLOWER #Y3035 Perennial. A touch of beauty, not only from the orange-red blooms, but also from the monarch butterflies that seek this plant. Butterfly Flower graces a garden or a border, and is stunning when massed. An excellent cut flower or container plant for the patio. Blooms late Spring to Summer. 250 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

CACTUS #Y8000 Perennial. Cactus plants are a joy to grow. A mix of plant types, shapes, and heights provides a unique assortment. Start seeds inside in pots filled with equal parts of coarse sand and potting soil. Keep warm, moist, and shaded until plants emerge. When plants are established, transplant to larger pots. Feed monthly, and protect from freezing. Full sun. 200 mg. seed packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

CALENDULA, Pacific Beauty Mix #Y1085 Annual. Add sunshine to your garden, containers, and borders. Calendula, also called Pot Marigold, is easy to grow. Can be used as a cutting flower with its dramatic color and cottage charm. Blooms: Summer to Fall. 1.25 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

CANARY CLIMBER #Y2526 Annual. Canary Climber's feathery flowers resemble flocks of delicate birds. Their bright yellow color is rarely available in climbers. Foliage is striking, deeply lobed and vibrant green. Pretty on a trellis, arbor, or in a hanging basket. Blooms: Summer/Fall. 2 g. packet, Livingston Seed Co. ~~Regular \$2.49~~ **Our price \$2.09**

CANTERBURY BELLS #Y3040 Biennial. A perfect accent for garden gates and entryways, Canterbury Bells provide spectacular color selection and large, ruffled blossoms that are sure to impress. In shades of blue-violet, pink and white, this variety is exceptional and easy to grow. Blooms: Summer. 325 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

CARDINAL CLIMBER #Y2530 Annual. Cardinal Climber is absolutely beautiful! The twining vines of bright green, fern-like foliage, with crimson trumpet-shaped flowers, are a hummingbird's favorite. Suitable for arbors, trellises, fences, and posts. Easy to maintain. Blooms: Summer/Fall. 900 mg. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

CHINESE LANTERN #Y3045 Annual. Chinese Lantern is prized for its brilliant and unique orange seed pods. A great addition to both fresh and dried arrangements. Striking in borders, beds, and containers. Produces a cream, bell-shaped bloom in midsummer. Blooms: Summer. 300 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

CLEOME, Color Fountain Mix #Y1095 Annual. For a unique addition to garden borders and fence lines, Color Fountain Mix is just the answer. This variety offers an attractive collection of pink, magenta, and Ivory blooms. Crowned with wispy blossoms, Cleome is easy to grow. Blooms: Summer/Fall. 375 mg. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

CLIMBING SPINACH #Y2630 Annual, Climber. A gorgeous combination of dark green leaves and burgundy vines and buds, sets this wonderful variety apart from the crowd. An attractive alternative for traditional

spinach in your summer garden. Also known as Malabar Spinach, this beauty makes a great salad. Plant Height: 8' – 10'. Blooms: Summer to Fall. 2 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

COBAEA SCANDENS #Y2535 Annual, Climber. Cobaea Scandens is a climbing vine covered with large purple, bell-shaped blooms. It can be a very decorative screen along a wall, fence or trellis. Lush green foliage. Easy to grow! Blooms: Summer to Fall. 500 mg. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

COCKSCOMB, Celosia #Y1090 Annual. Jewel-colored flowers are velvet to the touch. Gorgeous as a specimen plant, or in mass planting. Eye-catching in a fresh cut bouquet or fried in a fall/winter arrangement. Easy to grow. Blooms: Summer/Fall. 200 mg. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

Coleus, Rainbow Mixed #Y1100 Annual. For spectacular color in the shade, our Rainbow Mix is the perfect solution. Use as a backdrop or as a centerpiece in pots or in a mass. In shades of Kelly green, royal burgundy and lemon yellow, this Coleus will accent any walkway. Blooms: Summer. 150 mg. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

COLUMBINE, Tequila Sunrise #Y3055 Perennial. Tequila Sunrise is longer flowering and more heat tolerant than other Columbines. It is also a unique and attractive color combination. Tall and stately, Tequila Sunrise generally flowers the first year, if started early. Blooms: Spring/Summer. 80 mg. packet, Livingston Seed Co. ~~Regular \$3.29~~ **Our price \$2.69**

COLUMBINE, McKana's Giants Mix #Y3050 Perennial. Paint a rainbow with McKana's Giants Mix. Exquisite two-tone flowers combined with interesting spurs make this a rewarding garden addition. Its shades of purple, pink, blue and maroon, make a sensational display. Blooms: Spring/Summer. 175 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

CONEFLOWER, Purple #Y3060 Perennial. A hardy, easy to grow flower that looks fabulous in your garden. Who could ask for more? Purple Coneflower blends well with other flowers to give that natural look we all love. Does well in containers, borders, and rock or perennial gardens. Long lasting as a cut flower. Can be dried. Blooms: Summer to Fall. 500 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

CONEFLOWER, White Swan #Y3065 Perennial. Butterflies will visit your garden when you plant White Swan Coneflower. A very stately flower that enhances wherever planting site it occupies. Echinacea is known for its large flower heads that turn to seed in the Fall. Suitable for containers, a mass planting, or cut flower arrangement. A wonderful flower for a naturalized area. Blooms: Summer to Fall. 250 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

COREOPSIS, Lance Leaved #Y3070 Perennial. The sunny blooms of Coreopsis accent a raised flower bed, borders, naturalized areas, bank, or container on your patio. The flower is 2 to 3 inches wide, with bright yellow petals that are deeply notched at their tops. Very easy to grow and maintain. Coreopsis is drought tolerant. Blooms: Spring/Summer. 400 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

COSMOS, Bright Lights #Y1105 Annual. Bright Lights is a suncatcher! A Showy, graceful annual with large, bright flowers in yellow, old, orange, and red shades. Foliage is finely cut. Butterflies love the yellow and shades of orange 2 ½ inch blooms. A vibrant cutting flower, very effective when grown in masses as a background planting. Drought tolerant. Height: 3'. Blooms: Summer thru Fall. 1.25 g. packet, Livingston Seed Co. ~~Regular \$4.69~~ **Our price \$1.39**

COSMOS, Daydream #Y1110 Annual. Cosmos Daydream is a daydream for its beauty and ease in growing. The large, 3 inch blooms are white and pink with crimson-rose center and yellow button eye. Daydream is long flowering, excellent for your flower gardens. Cut a bouquet for your favorite vase and bring indoors to enjoy. Butterflies love Daydream. Height: 4'. Blooms: Mid-Summer thru Fall. 1 g. packet, Livingston Seed Co. ~~Regular \$4.69~~ **Our price \$1.39**

COSMOS, Dwarf Sensation #Y1125 Annual. Finally, a Cosmos for the rest of us! If you've always loved these carefree flowers, but could never find the space for them, try Dwarf Sensation. At just two feet tall, you'll find all kinds of places for them. The dainty flowers in clear shades of pink, rose, and white are borne amid finely cut foliage. Also great for bordering taller cosmos varieties. Height: 24". Blooms: Summer/Early Fall. 2 g. packet, Livingston Seed Co. ~~Regular \$4.69~~ **Our price \$1.39**

COSMOS, Sea Shells Mixture #Y1130 Annual. Make a seaside contribution to your cut flower garden. The petals are uniquely rolled and fringed, and have beautiful, bright colors. Delicate, ferny foliage adds an airy feel to any setting. Its height makes it ideal for the back of the border. Very easy to grow. Excellent addition to your Cosmos collection! Height: 3'-5'. Blooms: Summer/Fall. 1 g. packet, Livingston Seed Co. **Regular \$4.79 Our price \$1.39**

COSMOS, Sensation Mixture #Y1135 Annual. Sensation Mix adds flower power to any garden with its shades of white, rose, pink, and crimson. The 3 to 4 inch blossoms, with feathery foliage, grow rapidly. Plant Cosmos anywhere to add a splash of color. Butterflies will love it! Blooms: Summer thru Fall. 1 g. packet, Livingston Seed Co. **Regular \$4.79 Our price \$1.39**

COSMOS, Sensation Picotee #Y1140 Annual. Sensation Picotee is one of the most beautiful of all Cosmos. It has pure white 3 inch blooms edged in a rosy red. Easy to grow and drought tolerant. Excellent for cutting gardens. A reflection of beauty! Blooms: Summer thru Fall. 1 g. packet, Livingston Seed Co. **Regular \$4.79**

CREeping THYME #Y3220 Perennial. Creeping Thyme is a beautiful low-growing creeping vine. Adds color to your rock garden, or between your stepping stones. Low maintenance and can be walked on. The bright purple flowers are self-sowing, forming mats of creeping stems. Can also be snipped and used in the kitchen as a seasoning. Blooms: Spring/Summer. 90 mg. packet, Livingston Seed Co. **Regular \$4.79 Our price \$1.39**

CUPID'S DART #Y3075 Perennial. Who doesn't love Cupid's Dart? Once used by the Greeks for a love potion. A wonderful flower fresh or dried. Perfect in mass or as a specimen plant. A nice touch for container gardening, too. The lovely lavender flowers will turn silver as Fall approaches. Blooms: Summer to Fall. 125 mg. packet, Livingston Seed Co. **Regular \$4.89 Our price \$1.49**

CUPID'S DART, Alba #Y3080 Perennial. Cupid's Dart will capture your heart! Offering unique versatility and optimal quality, this variety takes a spin on the old standard. Fresh ivory petals with purple centers are uplifting and cheerful. Whether planted en masse or in borders, you'll love that it's drought resistant. Can be used or dried and fresh arrangements. Height: 18"-24". Blooms: Mid-Summer and early Fall. 100 mg. packet, Livingston Seed Co. **Regular \$4.79 Our price \$1.39**

CYPRESS VINE #Y2540 Annual. Cypress Vine is dazzling growing on a trellis, fence, or in any spot you would like a natural screen. The blooms of red, white, and pink are shaped like 5-pointed stars. The foliage is fern-like. Easy to grow! Blooms: Summer to Fall. 850 mg. packet, Livingston Seed Co. **Regular \$4.89 Our price \$1.49**

PAINTED DAISY #Y1155 Annual. A palette of painted petals is an exuberant choice for mixed borders and mass plantings. Painted Daisy is marvelous in a vase and long lasting as a cut flower arrangement. Use the cut flowers as an accent in napkin holders, or as a sunny summer bouquet for a friend. Blooms: Summer to early Fall. 1 g. packet, Livingston Seed Co. **Regular \$4.69 Our price \$1.39**

English Daisy #Y3085 Perennial. English Daisy, with its yellow-eyed red, white, or pink flowers, is the "original" daisy. Grow it in beds, borders, rock gardens or containers. Also makes a good ground cover. An exceptional accompaniment for spring-flowering bulbs. Height: 3"-5". Blooms: April to September. 125 mg. packet, Livingston Seed Co. **Regular \$4.79 Our price \$1.39**

Gloriosa Daisy #Y3090 Perennial. No need to wonder any longer if "she loves me", or "she loves me not". The truth is Gloriosa Daisy loves everybody, and you will love her, too! She's at home in naturalized gardens, borders, mass plantings, or in a container. Her colors of yellow, gold, and rust-red with dark brown centers look cheery just about anywhere. Blooms are double and semi-double. Long flowering. Blooms: Summer. 250 mg. packet, Livingston Seed Co. **Regular \$4.79 Our price \$1.39**

DAISY, Livingstone Mix #Y1150 Annual. Livingstone Daisy is an attractive daisy-like flower with brilliant colors of pink, red, and white. A colorful display in borders and containers. Livingstone Daisy is very easy to maintain and can tolerate drought conditions. Perk up your gardens with Livingstone! Blooms: Summer thru Fall. 175 mg. packet, Livingston Seed Co. **Regular \$4.69 Our price \$1.39**

DAISY, Pyrethrum Mix #Y3095 Perennial. Pyrethrum Daisy in shades of red and pink, is ideal for cutting and enjoying inside your home. Make a massed planting for a perennial garden, or use it as a specimen plant along your walkway. Very easy to grow and maintain. After the first flowering, cut back for a second

show of blossoms. Blooms: Summer/Fall. 300 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

SHASTA DAISY, Alaska #Y3100 Perennial An attention getter! Pure white blooms glisten in the summer sunshine. A delight both in the garden, and for fresh cut flowers. Immensely useful for unifying a mixed border. Equally good as a stand-alone accent. Blooms: Summer. 1 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

DELPHINIUM, Blue Mirror #Y3105 Perennial. Blue Mirror is a rich, blue, compact flower that is easy to grow and doesn't require staking. Very attractive when combined with white, red, or orange flowers. Plant in a container, border, or cutting garden. Will bloom the first year. Remove spent blooms for continued flowering. Blooms: Summer. 200 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

DELPHINIUM, Pacific Giants #Y3110 Perennial. Step back and admire your truly royal row of beauty! The Pacific Giants Delphinium is one of the most loved perennials. Stunning tall spires of elegant flowers in pastel pink, lavender, white, and blue form a row of exquisite color. Blooms: Summer. 300 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

EVENING PRIMROSE, Showy #Y3115 Perennial. Showy, silky pink rosettes cover light green, bushy foliage. Pleasingly fragrant. Ideal in rock gardens, wildflower meadows, and along walkways. The flowers also attract hummingbirds. Blooms: Summer to Early Fall. 200 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

FIVE SPOT #Y1160 Annual. Five Spot is a low-growing, carpeting annual. The name Five Spot comes from the purple spots on each one inch white, buttercup-shaped bloom. The 6 to 9 inch plant blooms continuously through the summer. This is a pretty selection for the front of a border, or trailing from a container. Height: 6"-9". Blooms: Summer thru Fall. 900 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

FLAX, Blue #Y1165 Perennial. Flax adds a dash of nature's color. Perky little sky blue flowers on light and graceful arching branches. Sow in mass. The blue blossoms are a delicate addition to your flower gardens and wildflower meadows. Spring and Summer. 1.5 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

FORGET-ME-NOT, Chinese #Y1170 Biennial. The showy clusters of the dainty blue blooms of Forget-Me-Not are definitely flowers you won't forget. This variety compliments beds, borders, rock gardens, and containers. A sign of spring. Easy to grow! Blooms: Spring/Summer. 1.5 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

FOUR O' CLOCK, Broken Colors #Y1180 Annual. Fill your garden with Hummingbirds. This fragrant flower is reminiscent of miniature morning glories. Its showy petals are a speckled cherry red, and are a pleasant surprise in the midst of a sea of dark green foliage. The striking, lively colors of Broken Colors are sure to put on a magnificent show. Blooms: Summer/Fall. 4 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

FOUR O' CLOCK, Choice Mixture #Y1175 Annual. Hummingbirds love it! The Four O' Clock is named for its characteristic blooming after 4pm. Flowers are white, crimson, violet, yellow and striped. Excellent in containers as well as borders. Four O' Clocks fragrance is outstanding when in bloom. Blooms: Summer thru Fall. 3.75 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

FOXGLOVE #Y3120 Annual. An inspiring addition to your garden beds, the Foxglove is a pleasant array of pastel colors. A blend of rose, lavender, cream, and yellow makes this variety eye catching. The chocolate freckles on the throat of the blossom are signature. Easy to grow. Make Foxglove one of your garden attractions! Height: 3'-5'. Blooms: Summer/Fall. 175 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

GAYFEATHER #Y3125 Perennial. Gayfeather makes an excellent cut flower. It is part of the Aster family and although it has flower spikes sticking straight up, each spike is composed of hundreds of tiny flowers. The flowers start opening from the top down, making an attractive stem for cutting. By just trimming the spent flowers from the top, the plant looks fresh. A very easy to grow flower! Blooms: Summer thru Fall. 300 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

GAZANIA, Daybreak Tiger Stripes #Y1185 Annual. Exquisite mix of bronze, rose, yellow, and cream blooms with a contrasting stripe on each petal. Excellent for bedding, borders, and containers. Blooms: Summer/Fall. 100 mg. packet, Livingston Seed Co. ~~Regular \$2.89~~ **Our price \$2.39**

GERANIUM, Border F2 Mix #Y1190 Annual. F2 Geranium Mix has large flower heads, guaranteed to turn heads when planted in your garden. The blend of colors- including white, shades of red, and shades of pink – compliments any setting wherever planted. Geraniums are perfect for beds, borders, walkways and containers. This is a compact plant offering blooms until frost. Blooms: Summer - Fall. 130 mg. packet, Livingston Seed Co. ~~Regular \$3.29~~ **Our price \$2.69**

GOURD, Apple #Y8055 Annual. Let your creativity flow! The Apple Gourd has a smooth shell that allows you to decorate it endlessly. When grown, the gourd is green with dark green specks. The lush vine growth provides excellent coverage for the fruits. Can be made into a birdhouse, if dried. Maturity: 100-120 days. 2 g. packet, Livingston Seed Co. ~~Regular \$1.99~~ **Our price \$1.59**

GOURD, Birdhouse #Y8060 Annual. The perfect haven for your feathered friends. Birdhouse Gourds are a long-handled, ball-shaped gourd. Use your own personal touch to decorate. They can be painted, or left natural. Grow a fall project for the kids! Maturity: 100-120 days. 2.5 g. packet, Livingston Seed Co. ~~Regular \$1.89~~ **Our price \$1.49**

GOURD, Cannonball #Y8070 Annual. Easy to craft. The Cannonball Gourd is perfectly round, ranging in size from 4 to 6 inches in width. Many craft techniques may be used: leave it plain, or varnish, paint or stain it. Create your own beautiful, decorative collection. Maturity: Approximately 120 days. 2 g. packet, Livingston Seed Co. ~~Regular \$1.89~~ **Our price \$1.49**

GOURD, Daisy #Y8080 Annual. Daisy Gourd is a mixture of colorful patterns in shades of yellow, green, orange and white resembling a daisy. It adds interest to any decorating idea. The colors and shape make Daisy Gourd a very good choice for your next gourd to grow. Maturity: 95 days. 470 mg. packet, Livingston Seed Co. ~~Regular \$2.49~~ **Our price \$1.79**

GOURD, Dipper #Y8086 Annual. A very rare and distinct shape. The Dipper Gourd can be used as a ladle. The stem can be straight or curved. Some stems will even grow into knots while still on the vine. The plant can be grown on the ground, or on a trellis. Have fun growing! Maturity: 100-120 days. 1.8 g. packet, Livingston Seed Co. ~~Regular \$1.99~~ **Our price \$1.59**

GOURD, Dragon #Y8090 Annual. And you thought that dragons only lived in fairy tales! Not so! You can grow one in your garden. This gourd is one of the oldest crops on record, and bears fruit 12 to 18 inches in size. The deeply veined fruit is a larger, bulbous piece that sits at the end of a long, narrow handle. Deep green until ripe, the gourds turn brown by the time they are ready for crafting. Maturity: 125 days. 3 g. packet, Livingston Seed Co. ~~Regular \$2.49~~ **Our price \$1.79**

GOURD, Luffa Sponge #Y8101 Annual. Luffa is a very practical and useful gourd, which can be used for bathing, filtering, and cleaning. It is shaped like a cucumber, but is larger. It grows 1 to 2 feet in length, and up to 4-5 inches in thickness, and also has a green exterior. When immature, the interior is cucumber-like. As it ripens, it develops a network of fibers that surround many flat, blackish seeds. Can be grown on a trellis or fence. If grown on the ground, put a layer of mulch underneath the fruits to prevent decay. Maturity: 100-120 days. 1.2 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

GOURD, Martin House #Y8105 Annual. One of the most popular choices for birdhouse crafting, this gourd is plumply shaped and topped with a short, conical top. An attractive dwelling for many kinds of birds that frequent North America during its summer breeding season. Maturity: 90-110 days. 3 g. packet, Livingston Seed Co. ~~Regular \$1.89~~ **Our price \$1.49**

GOURD, Mini Bottle #Y8110 Annual. Mini Bottle Gourds are adorable miniatures. At maturity, gourds average 4 inches in size. These gourds can be grown on a trellis or in the traditional way. If grown on the ground, put a layer of mulch under the fruits, which will help prevent fruit rot. Mini Bottle Gourds can be decorated as ornaments or used as a mini vase. Create your own fun! Maturity: 100-120 days. 1.5 g. packet, Livingston Seed Co. ~~Regular \$4.69~~ **Our price \$1.39**

GOURD, Nest Egg #Y8115 Annual. Nest Egg Gourd resembles a hen's egg and was once used to trick hens by placing one in their nests. Excellent for many craft purposes, Nest Egg Gourds are often painted as Easter eggs. Maturity: 110-130 days. 2.5 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

GOURD, Snake #Y8125 Annual. Unique gourds twist and turn not wonderfully different shapes and sizes. Gourds grow 18 to 48 inches in length. For straighter Snake Gourds, grow on a trellis, which allows gourds to grow downward. Can be made into musical instruments! Also known as "Italian Cucuzzi" squash. When very young and tender, fruits can be eaten like a summer squash. Maturity: 100-120 days. 2.25 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

GOURD, Ornamental #Y8120 Annual. Ornamental Gourds have many uses. Grow them for fall table decorations, or use them in the garden as a natural accent. Can be grown on trellises and arbors. Harvest when gourds are ripe, leaving a small section of the vine on the fruit. Maturity: 100-120 days. 3.6 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

GOURD, Giant Bottle #Y8095 Annual. The legendary Giant Bottle Gourd is among the largest bottle gourds. Though it has been used around the world for its utilitarian purposes as a drum and container, it is often used in present day North America for its ornamental and craft potential. The gourd is a large, smooth, double-decker bottle. Consider this variety if you need something that is abundant. Maturity: 110 days. 2.5 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

GOURD, Swan #Y8130 Annual. An attractive gourd reminiscent of swans. Its skin color is dark green, and its light green speckles change to tan when dried. The gourd is 10 to 12 inches from the curve of the neck, to the base of the fruit. Very pretty when planted. Maturity: 100-120 days. 2.5 g. packet, Livingston Seed Co. ~~Regular \$4.69~~ **Our price \$1.39**

HOLLYHOCK, Peaches 'n Dreams #Y3145 Perennial. Got wow? If you don't, you have to grow Peaches 'n Dreams. The tall spikes with soft peach blossoms tinged with rose, are eye-catching. Beautiful colors, intricate flowers, soft and delicate petals make this flower perfect for any garden. As an added bonus, plants reseed. Blooms: Summer. 425 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

DWARF HOLLYHOCK, Majorette Mix #Y3130 Perennial. Just the ticket for today's smaller gardens! Mix Dwarf Hollyhock has big, semi-double blooms with large lily pad-shaped leaves. Enjoy all the color and beauty of this favorite in less space. Blooms: Summer to Fall. 500 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

HOLLYHOCK, Nigra #Y3140 Perennial. Nigra Hollyhock is a handsome fellow. The gorgeous, deep maroon, nearly black blossoms are striking. Plant along a fence, as a backdrop for your garden, or to add the right touch to a wall. Blooms: Summer to Fall. 450 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

HOLLYHOCK, Perennial Mixture #Y3150 Perennial. The best kind of Hollyhock is a perennial one! Now you can enjoy their old-fashioned charm year after year. Flowers are large, single, and come in a wide range of colors. Adds height to the mixed border, and is especially useful to pretty up fences. Blooms: Summer to Fall. 500 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

HOLLYHOCK, Summer Carnival Mix #Y1195 Annual. Hollyhocks are a garden tradition, and Summer Carnival Mix is definitely a favorite from year to year. The bright colors of 4 inch double blooms are lovely growing in a cottage garden, along a fence or cut for your favorite vase. After growing you will see why Summer Carnival is an AAS award winner. The powder puff blooms in shades of pink, red, and yellow are long lasting and set lower on the stalk. You will enjoy hollyhock all season long. Blooms: Summer. 1.5 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

HYACINTH BEAN #Y2500 Annual. Hyacinth Bean is an easy to grow climber that starts to bloom in midsummer with clusters of delicate rose-purple flowers, which are then accompanied by dark maroon bean pods. The combination is gorgeous. Attractive on fences, railings, trellises, or as a ground cover. Blooms and pods are used for cutting. Blooms: Summer. 8 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

IMPATIENS, Baby Mixed #Y1200 Annual. Enjoy the long blooming seasons of North America's most popular bedding plant. Often called "Busy Lizzie", these Impatiens are versatile and colorful. Plant in any shady spots where nothing else will grow. Can be used en masse, along a garden walkway, borders, in

woodland scenes, as ground cover, and in hanging baskets. Showy, flat-faced blooms are in carmine, orange, pink, scarlet, and white. Blooms: Early Summer to Fall. 110 mg. packet, Livingston Seed Co. ~~Regular \$4.99~~ Our price \$1.59

JOHNNY JUMP UP #Y3155 Perennial. Create a carpet of color with Johnny Jump Up. A compact variety with vibrant blooms of deep purple and yellow. Good companion for spring bulbs and Pansies. Attractive around the base of trees and flower beds, containers, and borders. Blooms: Spring thru Fall. 450 mg. packet, Livingston Seed Co. ~~Regular \$1.79~~ Our price \$1.39

KALE, Ornamental Flowering Mix #Y1205 Annual. Quite showy, with brilliant colors of purple, green, pink and white. Plant in rock gardens, containers for patios and decks, or in your window boxes. Ornamental Kale lasts into winter and can be potted and brought indoors for further enjoyment. Blooms: Summer thru Winter. 400 mg. packet, Livingston Seed Co. ~~Regular \$4.99~~ Our price \$1.59

LARKSPUR, Giant Imperial Mix #Y1210 Annual. A stunning backdrop for your summer's color. Spikes of pink, purple, white, and lavender are stately in your garden. Cut flower bouquets, and dried flower arrangements. Also known as the "Annual Delphinium". Height: 3 to 5 feet. Blooms: Summer thru Fall. 1.75 g. packet, Livingston Seed Co. ~~Regular \$4.69~~ Our price \$1.39

LOBELIA, Crystal Palace #Y1215 Annual. Crystal Palace Lobelia provides dozens of petite, sapphire petals on compact foliage. The tiny jewels look stunning in borders, hanging baskets, and flower boxes. Lobelia is classic and is long loved by gardeners. Height: 4 – 6 inches. Blooms: Summer. 150 mg. packet, Livingston Seed Co. ~~Regular \$4.89~~ Our price \$1.49

LOVE-IN-A-PUFF #Y2545 Annual, Climber. An exciting combination of beautiful leaves, distinctive pods, and attractive white flowers. At home in almost any landscape, Love-in-a-Puff brings and elegance to any setting. The unique seed pod is what everyone loves. Add a little whimsy and wonder to your yard with Love-in-a-Puff! Height: 10 to 12 feet. Blooms: Summer/Fall. 2 g. packet, Livingston Seed Co. ~~Regular \$4.69~~ Our price \$1.39

LUPINE, Russell's Prize Mix #Y3165 Perennial. Spectacular spires of color. Russell's Mix is one of the most decorative perennial plants thanks to its tall stalks bearing large flowers in a number of brilliant colors. Shades of pink, yellow, rose, red, and blue look gorgeous in a fresh cut bouquet or in in your garden. Height: 24"–48". Blooms: Late Spring and Summer. 1.5 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ Our price \$1.39

LUPINE, Hartwegeii Mix #Y1220 Annual. Hartwegeii Mix Lupine is a long-stemmed variety bearing pea-shaped florets in shades of blue, white and yellow. The stately blooms add height and beauty to your gardens. Lupines are an old-time favorite because of their quality performance and low-maintenance nature. To create a glamorous display of beautiful blooms, plant Hartwegeii Mix with Buttercups, Poppies and Irises along with your other favorites. Height: 24"–36". Blooms: Summer. 1.5 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ Our price \$1.39

LUPINE, Pixie Delight Dwarf #Y1225 Annual. Pixie Delight Lupine is a cute and colorful dwarf variety capable of complimenting your containers, rock gardens, walkways, and window boxes. The unique spikes with pea-like blooms flower in shades of pink, blue, purple and white, making an exceptional display of color. Pixie Delight Lupine is "delightful" growing en masse. Height: 12". Blooms: Summer. 1.5 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ Our price \$1.39

MALLOW, Vulcan #Y1230 Hardy Annual. Sure to surprise and inspire your garden guests. A colorful, attractive flower that combines dark pink petals and beautiful green bracket centers. Cup shaped with a 1" to 1 ½" throat. Height: 24"-26". Blooms: Summer/Fall. 1.5 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ Our price \$1.59

MALVA, Zebrina #Y3170 Perennial. Malva's white flowers with dark purple stripes add a look of distinction. Impressive along tall borders, in cottage gardens, and wildflower areas. Will self-seed at the end of the blooming season. Blooms: Summer to mid-Fall. 200 mg. packet, Livingston Seed Co. ~~Regular \$4.89~~ Our price \$1.49

MARIGOLD, Crackerjack Mix #Y1235 Annual. Citrus shades of summer. Crackerjack Marigold offers a blend of yellow, orange, and gold fluffy blooms that measure 4" to 5" across. Foliage is lacy. Fragrance is

distinctive. An easy to grow plant. Height: 18"-24". Blooms: Summer thru Fall. 565 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

MARIGOLD, Queen Sophia #Y1251 Annual. An All-America Selection winner. Queen Sophia is one of North America's most popular marigolds! Truly an exquisite choice, this marigold has paprika-colored blooms with golden transitions. Works well when companioned with vegetables or herbs, as the marigold is a natural insect repellent. Oils in the plant's leaves attract benevolent bugs, while repelling harmful ones. A vigorous, trouble-free plant, that has tolerances to deer, drought, heat, humidity, pollutions, rabbits, and coastal breezes. Double bloom. Blooms: Summer - Fall. 515 mg. packet, Livingston Seed Co. ~~Regular \$2.49~~ **Our price \$1.99**

MARIGOLD, Jolly Jester Mix #Y1240 Annual. Jolly Jester is a brightly striped 2" single flower in alternating red and orange shades. The bushy, compact plant is ideal for adding snappy color to your gardens, borders, and containers. Marigolds are not fussy and can tolerate heat and drought easily. Get Jolly! Height: 24"-30". Blooms: Early Summer until frost. 650 mg. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

MARIGOLD, Petite Mix #Y1245 Annual. Don't let the name fool you! Petite Mix blooms are anything but petite. This specialty variety gives you big flowers on compact plants to go almost anywhere. Rich, warm hues of gold, mahogany, orange, and even bi-colors will light up your garden or window box. Plant in a mass, or add a spot of color wherever you wish. Easy to grow. Blooms: Summer thru Fall. 550 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

MINA LOBATA, Spanish Flag #Y2625 Annual. Exotic combination of beautiful leaves and flowers. Enjoy watching Mina Lobata's blossoms change from scarlet to creamy yellow. Can have up to 12 blooms on each spike. Easy to grow on a trellis, fence, or in a hanging basket. Blooms: Summer to Fall. 800 mg. packet, Livingston Seed Co. ~~Regular \$4.69~~ **Our price \$1.39**

MONEY PLANT, Lunaria #Y1260 Biennial. Lightly scented lavender flowers are just the start of Money Plant's charm. They transform into flat seed pods that we quickly recognize. This is a good choice as a specimen plant in a flower garden. Perfect for fresh cut or dried bouquets. Easy to grow! Blooms: Summer. 500 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

MOONFLOWER #Y2550 Annual. Moonflower has fragrant, giant white flowers opening in the evening and lasting until morning. Plant near a window, or porch to enjoy the evening performance. Grows well on a trellis or fence. Moonflower is an attractive, vigorous vine. Blooms: Summer/Fall. 2.5 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

MORNING GLORY, Choice Mix #Y1270 Annual. A beautiful combination of dark blue, pink, and rose flowers makes Choice Mix Morning Glory a great choice. Easy to grow, and at home in any spot you choose. Height: 8-10 feet. Blooms: Summer to Fall. 1.7 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

MORNING GLORY, Clark's Heavenly Blue #Y1280 Annual. Spectacular blue flowers make Clark's Heavenly Blue one of the most popular climbing vines. This plant loves to "show off" on a trellis, fence, or arbor. After growing, you will see why this morning glory is heavenly. Height: 8-10 feet. Blooms: Summer to Fall. 1.7 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

MORNING GLORY, Early Call #Y2575 Annual. Imagine a flow of colors pouring over a fence, arbor, or wall. Early Call can do that in shades of blue, pink, white, rose, and red. Large blossoms open in the morning, and close in early afternoon sun. Grows quickly. Very pretty in a container or vining down a bank. Blooms: Summer to Fall. 1.6 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

MORNING GLORY, Dwarf Tiri-Color #Y1290 Annual. Capture the charm of a cottage garden with these miniature marvels. Vibrant color and hassle free. No trellis needed. These sophisticated flowers will quickly become the highlight of your garden getaway. Height: 12" – 16". Blooms: Summer and Fall. 750 mg. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

MORNING GLORY, Picotee Blue #Y2555 Annual. Double and single blooms of deep violet blue trimmed in white, is one of nature's rarest color combinations. A gorgeous climber enhancing any spot you choose. A test garden winner! Blooms: Summer to Fall. 500 mg. packet, Livingston Seed Co. ~~Regular \$2.89~~ **Our price \$2.29**

MORNING GLORY, Red Picotee #Y2590 Annual. Picotee Red's blossoms or red trimmed in white add charm and delight to your garden. Gorgeous growing in a hanging basket, or climbing a trellis. Sure to become one of your favorites. Blooms: Summer to Fall. 500 mg. packet, Livingston Seed Co. ~~Regular \$2.89~~ **Our price \$2.29**

MORNING GLORY, Flying Saucers #Y2580 Annual. Flying Saucer is a quick grower. Vines of heart shaped leaves with unique blossoms of purple with white stripes growing out your window make for the perfect summer morning. Whether climbing on a trellis, porch, fence, or hanging from a basket, Morning Glories add a graceful touch of beauty. Blooms: Summer to Fall. 1.8 g. packet, Livingston Seed Co. ~~Regular \$1.89~~ **Our price \$1.49**

MORNING GLORY, Grandpa Ott #Y2585 Annual. Grandpa Ott is a gorgeous heirloom variety, rich in velvety purple shades with a bright rose star and pink throat. The vigorous vines climb delicately to create a canopy to cover a fence or a trellis. The trumpet-shaped flowers attract hummingbirds. Blooms: Summer to Fall. 1.4 g. packet, Livingston Seed Co. ~~Regular \$1.89~~ **Our price \$1.49**

MORNING GLORY, Scarlet O'Hara #Y2600 Annual. Scarlet O'Hara is a brilliant splash of red with a heart-shaped vine, which creates a delicate look at summer's beauty. A climber that adapts to a trellis, arbor, fence, porch, and container with support. Easy to grow! Height: 8'-10'. Blooms: Summer to Fall. 2 g. packet, Livingston Seed Co. ~~Regular \$1.89~~ **Our price \$1.49**

MORNING GLORY, Blues Brothers #Y2560 Annual. Blooms of blue. Blues Brothers has the contrast of light and bright shades of blue on a lush vine. Adds charm to any garden. Looks pretty growing up a porch, trellis, or arbor. Easy to grow! Blooms: Summer to Fall. 2 g. packet, Livingston Seed Co. ~~Regular \$1.99~~ **Our price \$1.59**

NASTURTIUM, Alaska #Y1300 Annual. Marbled foliage and bright colors make Alaska one of nature's best. Can be planted in hanging baskets, along walks as a border, or in containers to vine upward. Alaska leaves add a nice touch to your salads, and as a garnish. This is a fun, easy to grow flower. Blooms: Summer to Fall. 4 g. packet, Livingston Seed Co. ~~Regular \$1.89~~ **Our price \$1.49**

NASTURTIUM, Dwarf Jewel Mix #Y1310 Annual. The bright shades of red, orange, salmon, and yellow add a bright splash of color to your landscape. Nasturtiums are compact plants and fit almost anywhere. With a flavor similar to watercress, Dwarf Jewel Mix adds color and taste to salads. Blooms: Summer to Fall. 3.5 g. packet, Livingston Seed Co. ~~Regular \$1.69~~ **Our price \$1.39**

NASTURTIUM, Gleam Mix #Y1321 Annual. Bright yellow, orange and red-orange shades on lush green foliage. Gleam Mix is fragrant and eye-appealing on your trellis or in your beds. Easy to grow and tolerates less than perfect soil and drought. Try this sensational flower in window boxes and containers. Blooms: Summer to Fall. 3.5 g. packet, Livingston Seed Co. ~~Regular \$2.49~~ **Our price \$1.99**

ORNAMENTAL GRASS, Blue Fescue #Y3175 Perennial. Blue Fescue is an all-purpose plant. The truest blue of the dwarf grasses. An excellent accent with other flowering plants. Adds interest to rock gardens, containers, borders...you name it! An easy to grow plant, that is heat and drought tolerant. Very low maintenance. Blooms: Summer. 300 mg. packet, Livingston Seed Co. ~~Regular \$1.89~~ **Our price \$1.49**

ORNAMENTAL GRASS, Bunny Tails #Y1345 Annual. Charming! An elegant fountain of ornamental grass with lots of landscape possibilities. Graceful at the front of the house, or plant among flowers for an informal look. Fluffy seed heads add texture and visual appeal. Collect them for use in dried flower arrangements and crafts. Drought tolerant. Easy to grow. Blooms: Summer/Fall. 250 mg. packet, Livingston Seed Co. ~~Regular \$2.49~~ **Our price \$1.79**

ORNAMENTAL GRASS, Coolio #Y3180 Perennial. Coolio is everything you need an ornamental grass to be. At home in borders, containers, rock gardens, as a specimen plant, or in dried arrangements. The graceful blue-green plant and wheat colored seed heads are the perfect addition to a special spot in you garden. Height: 10 to 18 inches. Blooms: Late Spring/Fall. 165 mg. packet, Livingston Seed Co. ~~Regular \$1.89~~ **Our price \$1.49**

ORNAMENTAL GRASS, Deschampsia #Y3185 Perennial. Deschampsia is the perfect ornamental grass to add contrast and flair to your flower garden or patio. The bronze colored spikelets arise from the ends of the long branchlets, forming a delicate cloud of color. The clump forming growing habit is easy to care.

Deschamsia is one of the earliest grassed to bloom in the spring. Height: 30". Blooms: Spring-Summer. 60 mg. packet, Livingston Seed Co. ~~Regular \$4.59~~ **Our price \$1.29**

ORNAMENTAL GRASS, Pony Tails #Y3190 Perennial. Feathery fountains of grass with a multitude of uses! An ideal filler that softens and unifies landscape, or a superb specimen plant. A subtle barrier for boundaries or a highlight as a corner planting. This stately grass produces soft plumes that arch gracefully. Can be cut and dried for ornamental arrangements. Blooms: Summer/Fall. 200 mg. packet, Livingston Seed Co. ~~Regular \$2.69~~ **Our price \$2.29**

BEAN, Burpee Stringless #Y4020 One word: Easy! Burpee's Stringless is very popular because it is entirely stringless. Ideal fresh, or for canning. For maximum yield, pick regularly. Days to Maturity: 50. 13 g. packet, Livingston Seed Co. ~~Regular \$4.69~~ **Our price \$1.39**

BEAN, Earliserve Bush #Y4025 Earliserve has full, rich flavor and is easy to grow. A stringless bush variety, that is excellent fresh, canned, or frozen. Harvest the 4 inch pods when firm and fully elongated, but before the seeds are large. It's a snap! Days to Maturity: 45. 13 g. packet, Livingston Seed Co. **Regular \$4.69 Our price \$1.39**

BEAN, Roma II Bush #Y4070 Roma II bean is a flat, broad, smooth pod on an upright bush plant. High yields of stringless, tender, flavorful beans makes this variety a must. Try Roma II, and it will become one your favorites! Days to Maturity: 53. 13 g. packet, Livingston Seed Co. **Regular \$4.69 Our price \$1.39**

BEAN, Royal Burgundy (Bush - Stringless) #Y4075 Have fun watching the beans turn green while cooking. The Royal Burgundy has 5 to 5 ½ inch meaty, purple pods. Excellent fresh or frozen. To freeze, just blanch 2 to 3 minutes until pods turn green. Days to Maturity: 55. 14 g. packet, Livingston Seed Co. **Regular \$4.89 Our price \$1.49**

BEAN, Slenderette Bush #Y4080 Slenderette has a smooth, stringless 5 inch pod. A dark green pod with small, white beans. Delicious steamed, dirt-fried, or blanched. Resistant to most common bean viruses. Freezes and cans well. Days to Maturity: 55. 13 g. packet, Livingston Seed Co. **Regular \$4.69 Our price \$1.39**

BEAN, Tenderette #Y4085 Tenderette is a top performer. Super-rich flavor with excellent pod quality. Bears over a long period of time. The stringless, straight pods with white beans are perfect for eating, freezing and canning. Hardy and vigorous. Days to Maturity: 55. 8 g. packet, Livingston Seed Co. **Regular \$4.69 Our price \$1.39**

BEAN, Top Crop Bush #Y4090 Developed specifically for the home gardener. Top Crop Bush is a meaty and tasty bean. Upright, early and a productive yielder. Easy to grow. Plant this bean and see why it is called "Top Crop". Days to Maturity: 51. 13 g. packet, Livingston Seed Co. **Regular \$4.69 Our price \$1.39**

BEAN, White Half Runner, Mountaineer #Y4095 A taste tradition! Noted for early maturity and heavy yield. The 5 inch pods are light green, round, and tender with a sweet flavor. Runners are approximately 3 feet long. May be grown on a trellis, or as a bush bean. Days to Maturity: 60. 13 g. packet, Livingston Seed Co. **Regular \$4.69 Our price \$1.39**

BEAN, Yard Long (Asian) #Y4100 Also known as Chinese Long or Asparagus Beans, Yard Long is a stringless variety. It can be eaten young as a snap bean, or mature as a dried bean. Similar in taste to a green bean, but with a more pliable pod. Frequently used in stir-fry and Asian dishes. Yard Long is a climber, which grows well on a trellis, fence, or in a container with support. The plant will grow up to 36" in height. Days to Maturity: 60-70. 8 g. packet, Livingston Seed Co. **Regular \$4.79 Our price \$1.39**

BEAN, Gold Rush Yellow Wax #Y4040 Gold Rush has a 5.25 inch long yellow wax pod. The pod is straight and hangs in clusters around the main stem, making picking easy. The fine flavor, and the ability to remain in prime condition on the plant over a long period, make it very popular with gardeners. Freezes well. Days to Maturity: 54. 13 g. packet, Livingston Seed Co. **Regular \$4.89 Our price \$1.49**

BEAN, Lima, Fordhook 242 Bush #Y4035 The Fordhook 242 Lima Bean produces better than other Fordhook varieties. It is also popular because of its tolerance to hot, dry weather. Being tasty fresh, canned, or frozen makes Fordhook 242 a favorite among Lima Beans. Days to Maturity: 75. 14 g. packet, Livingston Seed Co. **Regular \$4.69 Our price \$1.39**

BEAN, Gourmet Green #Y4045 A bush variety, Gourmet Green Bean has it all! Stringless with great taste. Grow in containers or in your garden, and is just the right size at 4 to 4.5 inches long. Plant every two weeks in the spring and early summer, for a steady harvest of flavorful beans. Can be planted again in late summer for a full harvest. Enjoy your Gourmet Green Beans prepared as you would any green bean. Days to Maturity: 58-60. 12 g. packet, Livingston Seed Co. **Regular \$4.79 Our price \$1.39**

BEAN, Livingston's Sure Crop #Y4065 Livingston's Sure Crop Bean is the best green bean variety for the home gardener, or professional grower. Year after year, this variety out performs all other bush varieties. High yields of dark green 4 – 5 inch pods. Crisp, tender, rich flavor describes Livingston's Sure Crop Bean! Days to Maturity: 50-55. 14 g. packet, Livingston Seed Co. **Regular \$4.79 Our price \$1.39**

BEAN, Henderson Baby Lima #Y4050 The delicious, buttery flavor and smooth texture of Henderson Baby Lima Bean can be eaten fresh or dried. Great for freezing or canning. This is an extra early variety that can be planted both spring and midsummer for an autumn harvest. Days to Maturity: 62. 9 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

BEAN, Kentucky Wonder Brown (Pole) #Y4055 Looking for real bean flavor? The Kentucky Wonder Brown is just the one. This is a Pole bean that will need support from a fence, trellis, or pole. Pole beans produce longer from a single seeding than bush types. Pick pole beans all season, they will continue to produce, if kept picked clean. Heavy crop and taste will make you wonder why you haven't tried them before! Days to Maturity: 65. 13 g. packet, Livingston Seed Co. ~~Regular \$4.69~~ **Our price \$1.39**

BEAN, Bountiful Bush Bean #Y6005 Heirloom. Bountiful Bush Bean is an excellent, productive heirloom. The snap bean pod is stringless. It grows 6"-7" long. Bountiful Bush Bean has a long shelf life after picking. Great for freezing and canning. This variety is very flavorful and a good choice for the home gardener. Days to Maturity: 45-50. 18 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

BEAN, Provider Bush Bean #Y6000 Heirloom. Provider Bush Bean produces heavy crops of excellent quality green beans. The compact plant produces earlier than other beans because it germinates in cool soils. The stringless pods grow approximately 5 ½ inches long. Known for its long shelf life. Provider Bush Bean is one of the best varieties for freezing and canning. Try it straight from the garden, too! Days to Maturity: 47-50. 18 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

BEAN, Cherokee Wax #Y6007 Heirloom. The Cherokee Wax Bean is a popular bush variety. It can withstand adverse weather conditions, and resist disease, while producing 5 to 6 inch long, stringless pods with fine flavor. The plant's upright habit keeps the pods clean. Days to Maturity: 54. 18 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

BEAN, Kentucky Wonder Bush #Y6010 Heirloom. Kentucky Wonder Bush Bean, being a determinate variety, gives a good yield and requires less work than a pole bean. No trellising is needed. The pods are held off the ground by the strong vines. The 6" to 7" long, medium green pods are the same flattened shape as the pole variety. Days to Maturity: 57. 18 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

BEAN, McCaslan Pole Bean #Y6020 Heirloom. An old Southern favorite, grown by the McCaslan family of Georgia since before 1910. The McCaslan Pole Bean was introduced in 1912. The vigorous vines carry 7 to 8 inch long, slightly flattened, dark green pods; used as both a stringless snap bean or as a shelled bean after maturing. Days to Maturity: 66. 18 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

BEET, Bull's Blood #Y6025 Heirloom. The Bull's Blood Beet is a must for your garden. The plant's sweet leaves are eaten in salad mixes and used as a garnish. They are deep red in color, adding delicious flavor and interest. Plus the tasty beet is a wonderful addition to any meal. Harvest when approximately 2 to 3 inches in size. Days to Maturity: 60. 2 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

BEET, Detroit Dark Red #Y4130 One of the most popular varieties. Detroit Dark Red is delicious and unbeatable for canning and pickling. It has a robust, sweet flavor with an intense, bright, crimson-red color. The 13 to 16 inch glossy tops are tasty and nutritious greens rich in vitamins A and C. Days to Maturity: 58. 5.2g. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

BEET, Early Wonder #Y4115 Early Wonder is a favorite table variety. Grows well in both spring and fall planting. Try fresh from the garden, or canned. Beets will grow to the size of a baseball, but they are best when harvested the size of a golf ball. Great in containers. Easy to grow. Days to Maturity: 55. 5.16 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

BEET, Ruby Queen #Y4120 Ruby Queen will provide a delicious crop the entire growing season when sown in successive plantings every three weeks. Excellent fresh or canned. The young leaves make delicious greens. A good source of calcium, Iron, vitamins A, B-1, B2, C and Niacin. Days to Maturity: 55-60. 4.8 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

BEET, Cylindra #Y4125 Cylindra Beets are high quality, 8 inch long by 2 inch wide, carrot-shaped beets. The sweet flavor and dark red flesh make Cylindra a tasty choice fresh or canned. Produces good yields. Days to Maturity: 50-60. 4.8 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

BROCCOLI, DiCicco #Y4134 DiCicco Broccoli is a uniform, very productive variety that is high in vitamins. The large heads also furnish a number of side shoots. It offers crisp, flavorful florets. Days to Maturity: 90. 1.5 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

BROCCOLI, Green Sprouting Calabrese #Y4135 Green Sprouting Calabrese is an easy way to eat healthy. Try this tasty variety fresh from the garden with dips, steamed for a side dish, or as a new creation all your own! Broccoli is easy to grow. It is a cool weather plant which means you can have a spring crop, and another in the fall. Days to Maturity: 80. 1.32 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

BRUSSELS SPROUTS, Long Island Improved #Y4140 Brussels Sprouts are an excellent source of nutrition, and they are particularly easy to grow. Long Island Improved variety provides sprouts that are large and easy to harvest. A cool weather crop, Brussels Sprouts can stand a freeze, and often are the most delicious when they mature after the first frost. Good freezing variety. Days to Maturity: 90-110. 900 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

CABBAGE, Golden Acre #Y6030 Heirloom. Golden Acre Cabbage produces tight, round heads of high quality. The 6 inch diameter heads average 3 pounds each, are disease resistant, and rich in vitamins and minerals. Easy to grow and versatile; superb cooked or raw, in stews or in salads. Medium green with a white interior. Days to Maturity: 63. 1 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

CABBAGE, Early Jersey Wakefield #Y4145 This is so easy to grow! Early Jersey is very sweet in flavor, with dark green heads. Sample in some of your favorite salad or slaw recipes. Try it cooked and taste the difference. Early Jersey is a compact, pointed cabbage. Weighs up to 3 pounds. Days to Maturity: 63. 1 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

CABBAGE, Michihili #Y4151 Michihili Cabbage is a Chinese cabbage with mild, delicate flavor. The cylindrical, leafy head is used in Asian cuisine, and as a substitute in any recipes needing cabbage. Michihili is high in vitamin C, important in strengthening our bones. Tasty and good for you! Days to Maturity: 75-80. 1 g packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

CABBAGE, Premium Flat Dutch Late #Y4160 Premium Flat Dutch Late Cabbage is a premium variety. Measures approximately 12 inches and averages 12 pounds. Makes very tasty sauerkraut. An easy vegetable to grow, as well as extremely hardy. A good source of Vitamin C. Days to Maturity: 80-100. 750 mg. packet, Livingston Seed Co. ~~Regular \$4.59~~ **Our price \$1.29**

CABBAGE, Red Acre #Y4165 Giant red-purple pearls will spring from the garden, if you plant Red Acre Cabbage! An early cabbage, Red Acre also saves space, taking up less area than more common cabbage varieties. Sure to add some color to any cabbage recipe. Red Acre is also an excellent storage variety. Days to Maturity: 75-80. 750 mg. packet, Livingston Seed Co. ~~Regular \$4.59~~ **Our price \$1.29**

CANTALOUPE, Hearts of Gold #Y6040 Heirloom. This heirloom was developed by Roland Morrill around 1895. Hearts of Gold Cantaloupe was granted a trademark on December 14, 1914, and became the most popular variety grown for the Midwest market in the 1930's. Almost round, this variety produces good yields of 3 pound melons, with sweet, deep orange flesh, and a small seed cavity. Days to Maturity: 90. 2 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

CANTALOUPE, Delicious 51 #Y6035 Heirloom. Delicious 51 Cantaloupe is just that! The salmon orange flesh is very sweet and aromatic. The average size is a 5 to 6 inch oval, weighing 3 to 4 pounds. Delicious 51 is lightly netted. A great choice for a summer treat! Days to Maturity: 83. 2 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

CANTALOUPE, Hale's Best Jumbo #Y4455 Hale's Best will be your best, too! An excellent sweet melon with salmon orange flesh, and a large seed cavity. Fruit weighs up to 5 pounds. Days to Maturity: 85. 3 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

CANTALOUPE, Honey Rock #Y4466 Sweet summer treat! The Honey Rock matures to an almost round 5 to 6 inches. Heavy netting, faint ribbing, and deep salmon color with sweet flesh make this a favorite for home gardeners. Days to Maturity: 85. 2 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

CANTALOUPE, Minnesota Midget #Y4470 Minnesota Midget is a fantastic, early-maturing variety developed by the University of Minnesota for short summers. The compact vines grow to approximately 4 feet, and set small fruit weighing $\frac{3}{4}$ to 1 $\frac{1}{2}$ pounds, this melon has incredibly sweet orange flesh that is edible to the rind. Days to Maturity: 65-75. 2 g. packet, Livingston Seed Co. ~~Regular \$1.89~~ **Our price \$1.49**

CANTALOUPE, Pride of Wisconsin #Y4475 Pride of Wisconsin is a melon with the great old-fashioned flavor associated with roadside-stand melons. So good you'd drive a few miles to pick one up. Grow it in your garden, and pick it yourself. This is a heavy yielding plant with 4-8 pound fruits. Grow your own "Pride" and be proud of it! Days to Maturity: 90-100. 2 g. packet, Livingston Seed Co. ~~Regular \$1.89~~ **Our price \$1.49**

CANTALOUPE, Planter's Jumbo #Y8900 Gigantic. Planter's Jumbo Cantaloupe is deliciously sweet and just right for your summer meals. The 7 – 8 inch melon is easy to grow in both wet and dry conditions, making it a favorite of many gardeners. Planter's Jumbo produces good yields on vigorous vines. Days to Maturity: 85. 3 g. packet, Livingston Seed Co. ~~Regular \$1.89~~ **Our price \$1.49**

CARROT, Chantenay #Y6045 Heirloom. Chantenay Carrot is a tender, crisp veggie, known to be good for storage. Great as a fresh snack, or for canning and freezing. The 5 to 7 inch conical roots have strong tops to make pulling easy. This is a true heirloom, dating back to the mid 1800's. Days to Maturity: 65. 3 g. packet, Livingston Seed Co. ~~Regular \$1.99~~ **Our price \$1.59**

CARROT, Cosmic Purple #Y4170 Ready for something new? Cosmic Purple Carrot is both pretty and tasty. It's purple skin, sweet orange flesh, and bright yellow core make Cosmic Purple a winner. The flavor is sweet with a slight hint of spice. Try slicing fresh from the garden, or steaming and adding bunches of vitamin A to your diet. This is an easy way to persuade your children to eat their carrots! Days to Maturity: 60-70. 1.4 g. packet, Livingston Seed Co. ~~Regular \$2.49~~ **Our price \$1.79**

CARROT, Denver's Half Long #Y4175 Its tenderness and sweet, rich flavor make the Denver's Half Long Carrot a tasty garden treat. Traits of Danvers include it blunt-ended 6 to 8 inch long roots, smooth texture, a deep orange color, and its fine-grained flesh. Ideal for canning and freezing. Days to Maturity: 75. 2.4 g. packet, Livingston Seed Co. ~~Regular \$1.69~~ **Our price \$1.39**

CARROT, Imperator #Y4180 Top quality and sweetness make the Imperator the perfect vegetable fresh, canned, or frozen. The 7 to 8 inch slender, tapering roots need deep soil to mature. Try the Imperator in salads and vegetable dishes, and taste the difference. Days to Maturity: 75. 2.4 g. packet, Livingston Seed Co. ~~Regular \$1.69~~ **Our price \$1.39**

CARROT, Little Finger #Y4185 Little Finger is a very popular choice. An extremely tender and sweet baby carrot, excellent for eating fresh, canned, or pickled. Typical carrot shape, cylindrical with blunt tips, 3 inches long X 1 inch wide. Can be planted up to summer. Simply plant every 2 to 3 weeks until 2 months prior to the first fall frost. Days to Maturity: 60-65. 2.4 g. packet, Livingston Seed Co. ~~Regular \$1.79~~ **Our price \$1.39**

CARROT, Livingston's Color Mix #Y4190 Livingston's Color Mix Carrots are pretty, and tasty, too! The blend of varieties is a pleasure for the palette, and the assorted colors are also fun for younger eaters. The mix consists of Red Chantenay, Orange Kuroda, Amarillo Yellow, Snow White, and Purple Haze. Days to Maturity: 75-80. 2 g. packet, Livingston Seed Co. ~~Regular \$1.99~~ **Our price \$1.59**

CARROT, Nantes #Y4195 6 inches long, slender with a rounded end, and crisp, tender flesh describes Nantes Carrot. Plant 2 or 3 weeks in succession in spring and again in fall. Enjoy all summer and fall! Days to Maturity: 70. 2.4 g. packet, Livingston Seed Co. ~~Regular \$1.69~~ **Our price \$1.39**

CARROT, Parisian #Y4201 Parisian is a short, round carrot, ideal for container planting. Can be planted in 2 to 3 week intervals until early fall. Its uses are the same as other types of carrots. Can be eaten fresh from the garden, or cooked. Tasty flavor! Days to Maturity: 70-75. 2.4 g. packet, Livingston Seed Co. ~~Regular \$1.99~~ **Our price \$1.59**

CARROT, Touchon #Y6050 Heirloom. Touchon Carrot is crisp and snappy. A Nantes-type carrot, with sweet flavor and excellent quality. Touchon grows approximately 6" – 8" in length and 1" across, with no fibrous core. Sow early for summer, and resow every 3 weeks, for a continuous supply. Because it remains sweet and tender for many months, this is a good carrot for winter storage. Days to Maturity: 65-70. 2 g. packet, Livingston Seed Co. ~~Regular \$1.99~~ **Our price \$1.59**

CAULIFLOWER #Y4205 First introduced to America in 1888, this crispy and sweet cauliflower has become a favorite of all. Milky white heads are encircled with tender green foliage. To preserve the taste, cauliflower should be kept white. Tie the leaves over the heads when they are the size of doorknobs. This will ensure a tasty harvest. Days to Maturity: 50-70. 660 mg. packet, Livingston Seed Co. ~~Regular \$1.89~~ **Our price \$1.49**

CELERY, Tall Utah #Y4210 Tall Utah Celery is medium dark green, crisp, tender, and TASTY. This celery sports tightly folded hearts, with broad, well-rounded, solid stalks. A very popular celery for late fall use and winter storage. Days to Maturity: 100-120. 200 mg. packet, Livingston Seed Co. ~~Regular \$1.89~~ **Our price \$1.49**

COLLARDS, Georgia Southern #Y4215 A cool-season leafy vegetable, Georgia Southern Collard is a member of the cabbage family. Collards tolerate both warm and cold temperatures. A tasty, healthy vegetable that adds character to any meal! Days to Maturity: 70. 3.5 g. packet, Livingston Seed Co. ~~Regular \$4.69~~ **Our price \$1.39**

CORN, Double Sweet (Hybrid) #Y4220 Double Sweet is an outstanding bicolor sweet corn renowned for being an excellent mid season variety. The 8 inch ears are delicious. Corn is a warm season crop. Pollination is essential for success, so plant in a block of three rows with 12 to 24 plants. Water frequently by soaking the soil, at least 1 inch per week. Mulching helps to seep soil moist. Harvest when ears are completely filled out and a pierced kernel shows a milky liquid. Double Sweet Corn is a good source of folic acid and magnesium. Days to Maturity: 78. 13 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

CORN, Early Sunglow #Y4230 Early Sunglow is tasty and early! The ears are 7 inches long, with tender, medium-yellow kernels. This is a variety that holds its flavor well. Grows on an attractive red-green stalk, and tolerates cooler temperatures. Days to Maturity: 65. 13 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

CORN, Golden Cross Bantam #Y4235 Golden Cross Bantam is an excellent late season sweet corn with tolerance to wilt. The ears grow to about 8 inches long with 12 to 14 rows of tender kernels. Not only is this variety delicious, but it is high in vitamins A and B. For a better ear fill, plant a number of short rows together instead of a single, long rows. This helps to ensure good pollination. Use mulch to help control weeds and keep plants watered, especially when tops begin to tassel. Days to Maturity: 92. 13 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

CORN, Jubilee #Y4240 Jubilee Corn is one of the most popular home garden varieties. A very sweet, glossy, yellow corn with smooth texture. Jubilee is high yielding with 9 to 10 inch ears. Ideal for freezing, canning, and eating fresh. Jubilee Corn is often said to be the best tasting "supersweet" in the garden! Days to Maturity: 80-90. 13 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

CORN, Kandy King #Y4250 Outstanding eating quality. When refrigerated, Kandy King hold its flavor up to 10 days after picking. Enjoy wonderful sweet corn taste before later varieties are ready. Tolerates cooler soils better than most varieties. Days to Maturity: 73. 13 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

CORN, Kandy Korn (Hybrid) #Y4260 Kandy Korn has built its reputation on its wonderful, sweet flavor. It also retains its sweetness up to 14 days after ripening. 8 inch ears with 14 to 16 rows are excellent fresh, canned, or frozen. Days to Maturity: 89. 13 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

CORN, Peaches & Cream #Y4270 Hybrid, Bicolor. Best Seller! Summertime flavor from this yellow and whitekerneled garden winner! Holds its wonderful flavor up to 14 days after maturity. If you love sweet corn, you can't be without Peaches & Cream. Enjoy fresh, canned or frozen. Days to Maturity: 83. 13 g. packet, Livingston Seed Co. ~~Regular \$2.49~~ **Our price \$1.89**

CORN, Silver Queen #Y4280 Lovers of white sweet corn have made Silver Queen the No. 1 white kernel variety. Excellent flavor and reliable performance are the qualities you will enjoy in Silver Queen, whether its fresh, frozen or canned. Days to Maturity: 92. 13 g. packet, Livingston Seed Co. ~~Regular \$2.49~~ **Our price \$1.89**

CORN, Blue Miniature #Y8015 The Mini Blue is a gorgeous, medium blue-colored ear. The narrow cobs average 2 to 4 inches in length. This is just the right companion for the vivid colors of fall. Can be used for all

your decorating needs. Grow your own novelty! Days to Maturity: 105-110. 5 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ Our price \$1.49

CORN, Ornamental, Earth Tones Dent #Y8025. Unique! Earth Tones Dent is like no other ornamental corn. Each ear is a jewel in delicate pastel shades of lavender, bronze, mauve, gold, periwinkle and green. Gorgeous in fall decorations, wreaths, and floral arrangements. Can be ground into flour. Another favorite idea, is to use this corn to feed neighborhood birds and squirrels.! Days to Maturity: 85-95. 8 g. packet, Livingston Seed Co. ~~Regular \$4.69~~ Our price \$1.39

CORN, Ornamental Indian #Y8030 Fall decorating wouldn't be complete without Indian Corn. This is an excellent variety for all of your fall traditions and parties. No two ears are alike, with their vivid colors of red, white, blue, and gold. Easy to grow and ideal for the home garden. Days to Maturity: 110. 7 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ Our price \$1.49

POPCORN, Japanese Hulless #Y8035 The hulls disappear! When popped, Japanese Hulless is tender, flavorful, and bears white kernels. Each stalk yields 3 to 6 ears. For best pollination, plant in blocks, rather than in rows. This is an excellent popping corn. Days to Maturity: 95-105. 7 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ Our price \$1.49

CORN, Strawberry Popcorn #Y8045 Tasty when popped, Strawberry Popcorn is often grown for its ornamental qualities. The 2" ears resemble strawberries in color and shape. Kernels turn white when popped. Each stalk usually yields 2 to 4 ears. This can provide a colorful touch to your fall decorating. Days to Maturity: 100. 6 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ Our price \$1.49

COWPEA, California Blackeye #Y4290 California Blackeye Peas (Beans) have a strong, meaty flavor that bean lovers enjoy. The beans are white and have a black ring, or "eye", where the bean joins the pod wall. It is resistant to wilt disease and nematodes. Try the delicious flavor fresh, or dried. Days to Maturity: 70-75. 13 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ Our price \$1.39

CUCUMBER, Early Fortune #Y6055 Heirloom. Early Fortune Cucumber is one of the earliest cucumbers. The fruits are approximately 7-8 inches long and 2 inches in diameter with blunt ends. Early Fortune is an excellent slicer, a great addition to salads, and a tasty relish. Try container gardening with Early Fortune alongside your other varieties in the garden, using a trellis or support. Days to Maturity: 55-60. 2 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ Our price \$1.59

CUCUMBER, Marketmore 70 #Y6065 Heirloom. Marketmore 70 Cucumber is a favorite slicer variety. The dark green, smooth skinned fruit grows to 8 inches in length. The prolific vines produce non-bitter cucumbers consistently until frost. Resistant to viruses and disease. Try Marketmore 70 Cucumber and taste the difference. Days to Maturity: 65. 2 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ Our price \$1.59

CUCUMBER, Armenian #Y4295 Armenian Cucumbers are very thin skinned and always mild. No more bitterness! A pale green color, with corduroy-like ribs. Excellent in salads or just all alone. No peeling needed. If grown on a trellis, fruit will grow straight. If on the ground, cucumbers will resemble a snake's coil. Days to Maturity: 60. 1.25 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ Our price \$1.39

CUCUMBER, Boston Pickling #Y4300 Make your own pickles! The Boston Pickling Cucumber is a dark green, blunt ended fruit, 5-6 inches long, and 2-3 inches in diameter. Immensely productive! Harvest frequently when the cucumbers are succulent and green. Try fresh from the garden, or pickled. Days to Maturity: 55. 2 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ Our price \$1.49

CUCUMBER, Burpless Bush #Y4305 The best of both worlds! The Burpless Bush is delicious and compact. The cylindrical, straight fruits are 10 to 12 inches in length. The sweet flavor is tops right from the garden in salads, sandwiches, or all by itself! Days to Maturity: 55. 900 mg. packet, Livingston Seed Co. ~~Regular \$2.49~~ Our price \$1.79

CUCUMBER, Green Dragon Burpless #Y4310 Green Dragon Burpless is a great tasting cucumber without the bitterness! A dark green, spineless variety. Ideal for all your salads and appetizers. Green Dragon is approximately 8" to 10" long, and 1 1/2" wide. Very disease resistant. Days to Maturity: 55. 900 mg. packet, Livingston Seed Co. ~~Regular \$4.99~~ Our price \$1.59

CUCUMBER, Homemade Pickles #Y6060 Homemade Pickle Cucumbers are just that! They are a pickling cucumber with a solid, crisp interior and superb flavor. Best picked from 4 to 6 inches in length, making snappy pickles. This is a vigorous plant that can be grown on a trellis. Homemade Pickle Cucumbers are disease tolerant. Days to Maturity: 55-60. 2 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

CUCUMBER, Improved Long Green #Y4320 Doesn't "fresh from the garden" sound good? The Improved Long Green Cucumber is just that! Matures up to 8-10 inches long, and 3 inches in diameter. Home gardeners favorite! Days to Maturity: 72. 2.4 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

CUCUMBER, Lemon #Y4325 Lemon Cucumber is a dual-purpose plant. If picked young, it can be used for pickling. If allowed to grow to full size, it can be a slicing cucumber. It is ripe when the fruit turns yellow. This is a decorative novelty that is tasty also! Days to Maturity: 65-70. 2.1 g. packet, Livingston Seed Co. ~~Regular \$4.69~~ **Our price \$1.39**

CUCUMBER, Muncher #Y4330 The Muncher is just that! A tasty snack right out of the garden, or pickled. A mild, burpless type cucumber you will enjoy as a favorite. Best picked when 5-6 inches long, and medium green in color. Cucumbers prefer well-drained soil. Days to Maturity: 65. 2 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

CUCUMBER, Spacemaster Bush #Y4335 Extremely popular! The Spacemaster Bush is a real space saver because of its compact habit. Now any one can grow cucumbers, even if you live in the city or in an apartment. Spacemaster is a dark green, smooth fruit, about 7 to 8 inches in length. Yields more than most varieties. Enjoy the cool flavor in summer salads and sandwiches! Days to Maturity: 58. 2 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

CUCUMBER, Straight Eight #Y4340 Straight Eight is a slicing cucumber that has become an all-time favorite. As its name suggests, Straight Eight is a straighter, dark green variety. It is best picked when it is about 8 inches long. Grow on a fence, trellis, or in your garden. An easy plant to grow, wherever you choose. Days to Maturity: 58. 2 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

CUCUMBER, Tendergreen #Y4342 The Tendergreen Burpless Cucumber variety is a very smooth and sweet cucumber. Its skin is not bitter and can be eaten without peeling. Produces heavy yields and is best when picked at 3 to 5 inches long. Days to Maturity: 55. 2.5 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

EGGPLANT, Black Beauty #Y4345 Black Beauty Eggplant is a warm-weather plant that thrives in the hot summer. Tasty fresh from the garden, or prepared in a baked dish. Fried eggplant slices are popular, too. Harvest the fruit when it reaches full size and is still glossy. It doesn't require support in the garden. Days to Maturity: 80. 690 mg. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

ENDIVE, Green Curled Ruffec #Y4350 Green Curled Ruffec is one of the finest endives for a crisp and tasty salad. The leaves are thick, tender, and buttery with a distinctive taste. The cluster of inner leaves lighten to a creamy white. A good producer that can be grown early and late in the season. Days to Maturity: 95. 1 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

KALE, Dwarf Blue Scotch Curled #Y4355 The Dwarf Blue Scotch is valued for its nutritional content of vitamin A, ascorbic acid, and iron. Kale is an extremely hardy plant, often surviving freezes and producing fresh gardens during winter months. Days to Maturity: 65. 2.7 g. packet, Livingston Seed Co. ~~Regular \$4.69~~ **Our price \$1.39**

KALE, Siberian Improved Dwarf #Y4360 The succulent, mild flavor of Improved Dwarf Siberian Kale is a wonderful addition to salads and stir-fries. It maintains its wonderful quality in the garden long after most other overwintered kales bolt. Frilly, dark green leaves form a cold-tolerant rosette 24 inches in diameter at maturity. Harvest the outer leaves when they are about 8-10 inches long. Days to Maturity: 50. 3 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

KOHLRABI, Early Purple Vienna #Y4365 The Early Purple Vienna Kohlrabi is an interesting member of the cabbage family. It is a cool-weather plant that is easy to grow. Spring plantings should be harvested when radish-sized, because warm weather makes bulbs woody and hot-tasting. Frost-hardy kohlrabi does well in fall plantings, too. Delicate flavor, delicious raw or cooked. Days to Maturity: 60. 2 g. packet, Livingston Seed Co. ~~Regular \$4.59~~ **Our price \$1.29**

KOHLRABI, Early White Vienna #Y4370 Early White Vienna has short tops, medium-sized stems, and produces a 2 ½" diameter bulb above ground. Tastes like a mild white turnip. Good cooked in stew or stir-fry, or use raw for dips and salads. Use the tender leaves like other greens. Repeated plantings will ensure a continuous supply until frost. Days to Maturity: 55. 2 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

LEEK, American Flag #Y4375 Leeks are an easy to grow, sweeter and milder alternative to the onion. Similar in appearance to large scallions, leeks produce delicately tasting green-blue leaves that can be harvested at any stage. Often used raw in salads, they are even more commonly used in soups and sautees. Not fussy about transplanting or soil fertility, and rarely targeted by pest. Days to Maturity: 130-150. 1.2g. packet, Livingston Seed Co. ~~Regular \$4.69~~ **Our price \$1.39**

LETTUCE, Bibb #Y6070 Heirloom. Bunnies like lettuce, and tasty Bibb Lettuce has to be one of their favorites! The loose heads formed by this variety show green or brownish outer leaves and cream, of butter colored inner leaves. Start your seeds indoors in the spring, and you'll have an early crop of delicious garden-fresh lettuce for your salads. Days to Maturity: 55-60. 1 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

LETTUCE, Baby Romaine #Y4380 Enjoy garden fresh lettuce spring, summer and fall. That's right! Baby Romaine Lettuce provides the unique advantage of spring through fall harvest. Just the right size, too! Grow in beds, containers, or larger window boxes. Romaine lettuce is popular for its crispness, sweet flavor, and upright growth habit. Make your own caesar salad fresh from the garden. Days to Harvest: 55-60. 800 mg. packet, Livingston Seed Co. ~~Regular \$4.69~~ **Our price \$1.39**

LETTUCE, Black Seeded Simpson #Y4385 Black Seeded Simpson is a loose-leaf variety. A fast producer that is easy to grow and enjoy in spring and again in late summer through fall. Most areas can plant three or more times. Black Seeded Simpson Lettuce is a tasty ingredient in all your salads. Days to Maturity: 45-50. 1.8 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

LETTUCE, Buttercrunch #Y4390 An All-American Award winner! Buttercrunch is a butterhead type, with loose heads of thick, crisp leaves. Superb taste and texture. Resistant to heat. Excellent for home gardens. Days to Maturity: 50-60. 1.5 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

LETTUCE, Grand Rapids #Y4395 Leaf lettuce is an easy variety to grow, and Grand Rapids is just that. A large, leafy plant with wavy, light green leaves. An attractive addition to any salad or garnish. Snip off the outer leaves as soon as they are large enough to use. Tasty, healthy, and fresh from the garden green. Days to Maturity: 45. 1.8 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

LETTUCE, Iceberg (Head) #Y4400 No doubt about it! Iceberg Lettuce is king. Reigns supreme with its tightly formed heads of crisp, sweet leaves. The leaves on the outside are green, giving way to blanched pale yellow and whitish center leaves. The sweetest leaves are in the center. Days to Maturity: 80-90. 1.5 g.. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

LETTUCE, Parris Island (Romaine) #Y4410 This is a crisp, tender-textured lettuce, that is excellent for our salads. Parris Island is a cos (romaine) variety. A very uniform, cylindrical plant. Dark green outer leaves with pale green to cream inner leaves clean of soil. Prefers cool weather, so early spring and fall crops are possible. A good choice for your garden. Days to Maturity: 60-70. 1.5 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

LETTUCE, Prizehead #Y4416 Prizehead Lettuce is ornamental and edible. The bronze-red outer leaves over frilled lime green inner leaves are both pretty and tasty. A leaf lettuce with early maturity. Days to Maturity: 45-50. 1.5 g. packet, Livingston Seed Co. ~~Regular \$2.49~~ **Our price \$2.09**

LETTUCE, Red Romaine #Y4420 Red Romaine has oblong, burgundy leaves. The heads are upright with crunchy midribs. This is a useful, colorful gourmet variety. Color may vary from deep green to deep red. The innermost leaves are lighter green and the most tender. The color deepens in cooler weather. 2 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

LETTUCE, Royal Red #Y4425 These salad "Greens" are red. Royal Red is tops for taste and performance, with an excellent texture. The sweet taste and beauty make it a snap to choose Royal Red for your garden. A

medium-sized lettuce that is easy to grow. Days to Maturity: 50. 3 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

LETTUCE, Salad Bowl #Y4430 An All America Gold Medal winner! Salad Bowl lettuce plants grow rapidly in cool weather and is slow to bolt. A loose-leaf variety of excellent flavor and quality. Salad Bowl forms rosettes of large, lime green leaves, that are deeply cut. Days to Maturity: 45-50. 1.5 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

LETTUCE, Livingston's Cutting Mix #Y6075 Heirloom. Livingston's Cutting Lettuce is a must for your garden. Grow alongside your Bull's Blood Beets, Arugula, and Spinach for an even larger greens mixture. A well balanced formula mixture of Baby Oak leaf, Bronze Beauty, Red Velvet, Pablo, Tennis Ball and Freckles. Sounds like a tasty and beautiful salad! Days to Maturity: 30. 1 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

LETTUCE, Lolla Rossa #Y6080 Heirloom. The beautiful magenta, frilly leaves and light green base of Lolla Rossa Lettuce are mild and tasty. This is an excellent cut-and-come-again lettuce, so you can have a healthy salad all season long. A good choice for eating and garnishing, plus Lolla Rossa is quite decorative grown in a container on your patio. Days to Maturity: 55. 1 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

LETTUCE, Slobolt #Y6085 Heirloom. Slobolt Lettuce is named after a special trait it possesses: It is slow to bolt. It is also slow to turn bitter in taste during maturity. This is a loose leaf variety with thick clusters of light green, frilled leaves. Slobolt is a large, compact plant which produces the entire summer and is considered a home garden standard. Days to Maturity: 45-55. 1 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

LETTUCE, Tennis Ball #Y6090 Heirloom. Tennis Ball Lettuce is a butterhead variety with mild, tasty flavor. The loose heads measure only 7 inches in diameter. The light green leaves form small, tight rosettes. The crisp leaves are delicious on your favorite sandwich, or in a summer salad direct from your home garden. Days to Maturity: 50. 1 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

MELON, Honeydew #Y4461 A burst of summertime sweetness! Honeydew is a seasonal favorite. It's a reminder of cool evenings, filled with the gentle flicker of fireflies. Start indoors or directly in mounds of soil, each mound about 2 feet wide. The breakfast table favorite ripens in warm weather. Be sure to plant in a sunny spot. Days to Maturity: 90-100. 750 mg. packet, Livingston Seed Co. ~~Regular \$2.49~~ **Our price \$1.99**

MESCLUN #Y4405 Mesclun is a mix of taste, color and texture. An easy mixture to grow: 30% Arugula, 10% Red Russian, 10% Endive, 10% Chervil, 10% Raddichio, 10% Red Romaine, 10% Bibb and 10% Salad Bowl. Grow Mesclun and enjoy a perfect blend of beauty and taste! Days to Maturity: 45-50. 1.8 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

MUSTARD, Florida Broadleaf #Y4481 Florida Broadleaf Mustard is a fast-growing and hardy mustard plant. Large, smooth, medium green leaves with cream-colored midrib. A good source of Vitamins A, B, and C, plus Calcium and Iron. A healthy addition to fresh salads or a zesty side dish. Days to Maturity: 35-40. 2.5 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

MUSTARD, Southern Giant Curled #Y4486 The brightly colored, curled leaves of Southern Giant Mustard plants make it a favorite with home gardeners. A source of vitamins A,B, C, plus calcium and iron. Delicious fresh from the garden, or cooked as a zesty side dish. This is a frilly leaf variety and is slow to bolt. Get healthy with greens! Days to Maturity: 50. 2.5 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

OKRA, Clemson Spineless #Y4490 Clemson Spineless Okra is an All-American Award winner. Delicious in gumbo, as well as fried. Related to hibiscus, the pods form soon after its beautiful flowers fade. Days to Maturity: 56. 5 g. packet, Livingston Seed Co. ~~Regular \$4.69~~ **Our price \$1.39**

OKRA, Dwarf Long Pod Green #Y4495 Dark green, delicious pods grow up to 8 inches in length and are the trademark of Dwarf Long Pod Okra. A home garden favorite often enjoyed in gumbo, or as a fried delight. The dried seedpods can act as a surprising addition to wreaths. Soak the seeds overnight and plant directly. Okra grows best in rows, 16 inches between seedling. For a tasty culinary treat, harvest when pods are small and soft. Days to Maturity: 55-65. 5 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

ONION, Sweet Spanish Utah Yellow #Y4497 A very large onion variety that can often reach upwards of 2 pounds. It is a great onion for slicing. Its white flesh offers a mild, yet sweet flavor in every bite. Days to Harvest: 115. 2 g. packet, Livingston Seed Co. **Regular \$4.99 Our price \$1.59**

ONION, Evergreen Bunching #Y4510 Evergreen Bunching Onion produces clusters of long, slender onions that can be separated. Tasty in soups, salads, or as a garnish. Later, plantings will winter over for spring harvest. Days to Harvest: 60-75. 1 g. packet, Livingston Seed Co. **Regular \$4.79 Our price \$1.39**

ONION, Walla Walla #Y4505 The onion that onion lovers love most! Walla Walla is a medium to very large, light brown or golden-skinned onion, with white flesh. Mild and crisp, sweet and juicy, it delivers flavor without the bite! Days to Harvest: 110. 500 mg. packet, Livingston Seed Co. **Regular \$4.89 Our price \$1.49**

ONION, White Lisbon Bunching #Y6100 Heirloom. With their bright green foliage and long white stalks, White Lisbon Bunching looks beautiful in bunches. Better yet, this variety is very hardy with a long harvesting period, and delicate flavor is perfect for salads and garnishes. Heat and cold resistant. Days to Harvest: 65-75. 1 g. packet, Livingston Seed Co. **Regular \$4.99 Our price \$1.59**

ONION, Red Wethersfield #Y6095 Heirloom. Red Wethersfield Onion is a “long day” onion. It is a large, flattened globe with purple-red skin. The mildly pungent onion slices are very tasty in salads, on sandwiches, or used as a garnish. A very tasty onion that has been around for a long time and for a reason. Try Wethersfield Onion and find out for yourself! Days to Harvest: 100 from transplant. 500 mg. packet, Livingston Seed Co. **Regular \$4.99 Our price \$1.59**

ONION, Alisa Craig #Y8905 Heirloom. Gigantic! Alisa Craig Onion is an heirloom known for its size and sweet flavor! The globe-shaped, white onion, with yellow skin can reach 5 pounds or more. Delicious on sandwiches and in salads. Alisa Craig is best used fresh. Days to Harvest: 95-110. 190 mg. packet, Livingston Seed Co. **Regular \$4.89 Our price \$1.49**

PAK CHOI #Y4155 Pak Choi is a top quality cabbage. It is crisp in texture, and sweet in flavor. A leaf-type(non-heading) , bulbous cabbage plant, with white midribs. Try Pak Choi in salads, soups and stir-fries. Days to Maturity: 30-45. 1.5 g. packet, Livingston Seed Co. **Regular \$4.89 Our price \$1.49**

PARSNIPS, Hollow Crown #Y4525 Parsnips are long-season vegetables, grown on their carrot-like roots. Sow seed as soon as the soil can be worked in the early spring. Member of the parsley family, parsnips take very little effort to grow once the seed germinates. A tangy and sweet taste! Days to Harvest: 100-105. 1.8 g. packet, Livingston Seed Co. **Regular \$4.69 Our price \$1.39**

PEA, Alaska #Y4527 Peas Alaska is an excellent variety for early harvesting in short growing season weather. Its vines can extend to be 2 to 2 ½ feet long and is wilt resistant. The pods are small, smooth and sweet tasting. It is great for canning. Days to Maturity: 58. 13 g. packet, Livingston Seed Co. **Regular \$4.79 Our price \$1.39**

PEA, Green Arrow #Y4530 Green Arrow has a long, slender, dark green 4 inch pod, with 9 to 11 sweet and tender peas. Pods are in pairs, which makes picking easy. A good yielder, ideal for shelling, freezing, and eating fresh! Days to Maturity: 68-75. 14 g. packet, Livingston Seed Co. **Regular \$4.79 Our price \$1.39**

PEA, Little Marvel #Y4535 Little Marvel is a tender, sweet, and juicy shell pea, which is why it is a popular variety with you.....the home gardener. Peas need 8 to 10 hours of sun for full production. Since they will be planted very early, a soil in a part of the garden that drains well and dries out early in the spring is an advantage. You will “marvel” at this pea! Days to Maturity: 62. 13 g. packet, Livingston Seed Co. **Regular \$4.69 Our price \$1.39**

PEA, Oregon Sugar Pod II #Y4540 The Oregon Sugar Pod II is a snow pea. The flat, sweet pod and its small seeds add crunch to stir-fries and salads. Freezes well, with no loss of color and flavor. Oregon Sugar Pod II is an easy-to-grow pea, worthy of a spot in your garden. Days to Maturity: 68. 13 g. packet, Livingston Seed Co. **Regular \$4.69 Our price \$1.39**

PEA, Sugar Snap Pole #Y4545 A winner of the All-America Selection Gold Medal Award. This pea has also been called the “vegetable of the century”, just two of many reasons for growing the Sugar Snap Pole. Pick the pods young when tender and crisp. Eat whole raw, stir fried, or cooked lightly as you would green beans. Days to Maturity: 70. 13 g. packet, Livingston Seed Co. **Regular \$4.69 Our price \$1.39**

PEA, Wando #Y4550 A sweet, crispy garden treat that beats the heat! The Wando Pea produces dark green pods filled with 6 to 8 peas. Harvest peas when they are full-sized and before the seeds begin to dry. Pods should be green, and not yet turning tan. Days to Maturity: 67. 13 g. packet, Livingston Seed Co. ~~Regular \$1.69~~ **Our price \$1.39**

PEA, Early Frosty #Y6110 Heirloom. Early Frosty is vigorous and a heavy producer of 4 inch, double pods, which contain 7-8 dark green, medium peas. The exceptional sweetness of Early Frosty Pea makes it an excellent choice for using fresh, or for freezing. Easy to pick, and wilt resistant. A good variety for areas with short growing season or cold Springs. Days to Maturity: 64. 14 g. packet, Livingston Seed Co. ~~Regular \$1.99~~ **Our price \$1.59**

PEA, Dwarf Gray Sugar #Y6105 With their light green pods, and purple blossoms, Dwarf Gray Sugar Peas have much to brag about! The bushy plants are stringless, very adaptable, and dependable producers that don't require staking. Their sweet, tender pods are delicious fresh, sautéed, or frozen. Use in stir fries or other Asian dishes. Days to Maturity: 66. 14 g. packet, Livingston Seed Co. ~~Regular \$1.99~~ **Our price \$1.59**

PEA, Lincoln #Y6115 Heirloom. Lincoln Pea is a favorite of gardeners because of its high yields and sweet, tender flavor. A pea suited for eating fresh, canning and freezing. The 4 to 5 inch pods are loaded with 6-9 sweet peas. Heat and wilt tolerant. Peas are ideal for a fall crop, started in late summer. Days to Maturity: 65-70. 14 g. packet, Livingston Seed Co. ~~Regular \$1.99~~ **Our price \$1.59**

PEPPER, King of the North #Y6120 Heirloom. King of the North Pepper is a sweet pepper excellent for any recipes, or for eating fresh. A sturdy plant with heavy yields. The fruits are blocky and thick walled, with three to four lobes. "King" ripens from green to red. Days to Maturity: 70 days from transplant. 400 mg. packet, Livingston Seed Co. ~~Regular \$1.99~~ **Our price \$1.59**

PEPPER, California Wonder #Y4565 California Wonder is easy to grow from seed. No wonder it is chosen by so many gardeners. A very productive and tasty sweet pepper. Used as a green bell in salads, stuffing, roasting, and pickling. Fruits are medium in size, 4 to six inches in length. Days to Maturity: 75. 600 mg. packet, Livingston Seed Co. ~~Regular \$1.79~~ **Our price \$1.39**

PEPPER, Bell Color Mix #Y4560 Bright, crunchy, spicy, sweet peppers. Abundant harvests of colorful fruits with three to four lobes, ready to add color and tasty flavor. Perfect fresh from the garden, grilled, sautéed, or roasted. Days to Maturity: 75-80. 500 mg. packet, Livingston Seed Co. ~~Regular \$1.89~~ **Our price \$1.49**

PEPPER, Anaheim Chili # Y4555 Anaheim Chili Peppers are sure to "kick it up". Anaheim peppers are mildly hot, and are delicious grilled, cooked, or fresh. If dried and ground, they can be used as a seasoning. String them on a wire and create decorative "Ristas". Any way you choose, Anaheim Chilis are a treat, and a sensational splash in your garden. Days to Maturity: 75. 500 mg. packet, Livingston Seed Co. ~~Regular \$1.79~~ **Our price \$1.39**

PEPPER, Long Red Cayenne #Y4570 Heat it up! Long Red Cayenne Pepper will do just that. Try it for seasoning, fresh from the garden, or pickled. If that is not enough, be creative and decorate with Red Cayenne. An attractive plant and fruit. Very productive and easy to grow. Days to Maturity: 69-80. 600 mg. packet, Livingston Seed Co. ~~Regular \$1.79~~ **Our price \$1.39**

PEPPER, Chinese Giant Sweet #Y4575 Chinese Giant Sweet Peppers are huge! Peppers grow on a compact, bushy plant and measure 5 to 6 inches both deep and wide. When fully ripened, the peppers turn from green to red. An heirloom variety High yields. Days to Maturity: 75. 450 mg. packet, Livingston Seed Co. ~~Regular \$1.89~~ **Our price \$1.49**

PEPPER, Habanero #Y4580 Habanero Pepper is an electric-orange pepper. Despite its extreme "heat", this pepper bears a citrus-like flavor and floral aroma. Great for drying, pickling, salads, and salsas. Spice it up! Watering is only necessary when dry, as overly moist soil and roots will yield bitter tasting fruit. Days to Maturity: 70-80. 350 mg. packet, Livingston Seed Co. ~~Regular \$1.99~~ **Our price \$1.59**

PEPPER, Hungarian Yellow Wax #Y4585 Hungarian Yellow Wax is a medium-hot pepper. Perfect for pickling, salads, frying, or roasting. Wax peppers are actually orange-red when ripe, but are usually harvested when yellow. Hungarian Yellow measures up to 5.5 inches by 1.5 inches. Peppers are easy to grow! Days to Maturity: 65-70. 600 mg. packet, Livingston Seed Co. ~~Regular \$1.89~~ **Our price \$1.49**

PEPPER, Jalapeno #Y4590 Jalapeno is probably the best known hot pepper on the market. It produces 3 inch long peppers that are excellent for salsa, pickles and even jelly. It is a variety that is easy to grow. Days to Harvest: 75. 600 mg. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

PEPPER, Purple Belle #Y4610 The eye-catching color of Purple Belle pepper is only one of its many assets! It is also reliable, high yielding, and disease resistant. With thick, meaty walls, this bell pepper is ideal for slicing, using in stir fry, or adding to salads for color. Days to Harvest: 72. 300 mg. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

PEPPER, Red Mercury #Y4615 Vivid, scarlet Red Mercury Bell Pepper is note for its versatility. It can be used in relishes, sauces, or baking, and freezes well. Mercury is delicious, nutritious, and a great way to economize. Reaching up to 5 inches in length, Mercury is a garden giant! Resistant to Tobacco Mosaic Virus. Days to Maturity: 72-75. 450 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

PEPPER, Mini Belle Mix #Y4595 Brighten up your summer salads with Mini Bell Mix. A medley of adorable, dwarf-sized bell peppers that will decorate your garden in chromatic array. Tiny Peppers ripen into hues ranging from cherry red, to luminous yellows. Will fit nicely into small garden spaces, and patio planters. Days to Maturity: 60 days from transplant. 240 mg. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

PEPPER, Poblano / Ancho #Y4605 Poblano Pepper can be used for grilling, stir-frying, or stuffing. A heart-shaped pepper called Poblano when fresh, and Ancho when dried. A mildly hot Ancho is used in chili powder. Poblano starts our dark green and becomes deeper when mature. An excellent chilie pepper to add in your garden. Days to Maturity: 65-80. 400 mg. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

PEPPER, Thai Hot #Y4630 Try Thai Hot in your favorite stir-fry, or other Asian dish. This is a compact plant covered with 1 to 2 inch red and green peppers, resembling Christmas lights. Thai Hot is very ornamental for containers, borders or patios. Days to Maturity: 90 days. 200 mg. packet, Livingston Seed Co. ~~Regular \$4.69~~ **Our price \$1.39**

PEPPER, Serrano #Y4621 The Serrano Pepper is a chili pepper. When picked green, it is milder than when picked red. The Serrano plant produces dozens of crisp, zesty fruits. This pepper can be eaten fresh, or dried. Heat it up with Serrano! Days to Harvest: 75. 600 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

PEPPER, Pepperoncini #Y4600 Peppers that pack a mild heat, turn sweeter as they ripen. Pepperoncini's first come out as a vivid green and yellow. Peppers eventually turn a Mars-like red. Bushy foliage protects fruit from sun scald. Perfect for pickling, pepperoncinis are also delicious in Mediterranean salads, pastas, and sandwiches. These peppers contribute a sweet and mildly hot, yet salty vinegar crunch in the kitchen. Days to Maturity: 70-80. 350 mg. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

PEPPER, Sweet Banana #Y4625 Grow Sweet Banana Peppers for color and pizzazz straight from the garden. This is a very productive and easy to grow plant. The fruits are 6 -7 inches long by 1.5 inches thick. They start out yellow, and turn bright red upon ripening. Ornamental, and can be grown in containers. Days to Harvest: 69-80. 700 mg. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

PEPPER, Yellow Belle #Y4635 Crisp and fresh raw, and pleasingly arresting when cooked to tenderness, bell peppers are the traditional favorite peppers in the U.S. Yellow Belle supplies attractive color to your dishes, especially when used with other colors of bell peppers. Days to Harvest: 72. 475 mg. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

PEPPER, Emerald Giant #Y8915 Gigantic. Emerald Giant Pepper is a sweet pepper, "gigantic" in size and flavor. The dark green to red peppers are crisp and tasty. This is a beautiful pepper, adding the right touch to your salads, and favorite dishes. Very prolific and vigorous. Plant an "emerald" in your garden! Days to Maturity: 72-80. 500 mg. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

PEPPER, Big Red #Y8910 Gigantic. Big Red Sweet Pepper is a gigantic, sweet tasting pepper. The huge, blocky shape with 3 to 4 lobes and crispy, thick flesh, is a good choice for your garden. Big Red is excellent fresh in salads, roasted, or stuffed. You will have plenty of peppers, not only because of its size, up to 4 inches in diameter, but this is a high yielding variety. Days to Maturity: 75. 400 mg. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

PUMPKIN, Jack-Be-Little #Y8575 You will love these baby pumpkins that actually fit in the palm of your hand. This gourd averages 3 to 3 inches in size. A miniature version of an old-fashioned pumpkin with colorful bright orange, deep-ribbed skins. Grown mainly for fall decorations, but has edible, sweetly flavored fruit. Days to Maturity: 95. 1.5 g. packet, Livingston Seed Co. ~~Regular \$2.99~~ **Our price \$2.39**

PUMPKIN, Baby Boo #Y8510 Easy and fun to grow. Baby Boo is a cute, miniature, white pumpkin guaranteed to make your Halloween spookier! Just 3 inches across with white flesh. Very prolific, with up to 10 pumpkins per vine. Can be trained to grow up a trellis. Edible. Days to Maturity: 95. 1 g. packet, Livingston Seed Co. ~~Regular \$2.99~~ **Our price \$2.39**

PUMPKIN, Big Moon #Y8520 Cucurbita Maxima. A classic prize winner! Big Moon is a bright orange, fast growing beauty that can reach weights up to 200 pounds or more. Add to your garden for a dramatic fall decorating touch. The tender flesh can be used for baking. Remove all but one fruit from the vine to grow a larger pumpkin. Days to Maturity: 110-120. 5 g. packet, Livingston Seed Co. ~~Regular \$2.99~~ **Our price \$2.39**

PUMPKIN, Peanut #Y8600 This spectacular squash is pink with beige bumps resembling peanuts covering its surface, making this pumpkin truly unique! Peanut Pumpkins add a different look to fall decorating. Try them with colorful leaves and gourds, or carved into a gruesome Jack O' Lantern. Go nuts over Peanut Pumpkin! Days to Maturity: 95-100. 3 g. packet, Livingston Seed Co. ~~Regular \$2.99~~ **Our price \$2.39**

PUMPKIN, Red Warty Thing #Y8605 The Red Warty Thing Pumpkin is just what the name implies: it has lumpy, red-orange skin. This is a very decorative pumpkin that adds color and rich texture to a fall display. Putting the name aside, Red Warty is excellent for eating with its sweet, stringless flesh. For something a bit unusual, try Red Warty Pumpkin! Days to Maturity: 110. 3 g. packet, Livingston Seed Co. ~~Regular \$2.99~~ **Our price \$2.39**

PUMPKIN, Jaradale #Y8580 Want a fall novelty? Try the Jaradale pumpkin. Delicate, soft blue skin makes this pumpkin unique. Not only is the Jaradale decorative, it is also a delicious kitchen garden addition. Baking, mashing, roasting and broiling are all possibilities with the top quality flesh of this pumpkin. The Jaradale is a good keeper and will continue to WOW long after the growing season. Days to Maturity: 100-110 Days to Maturity: 110-120. 3 g. packet, Livingston Seed Co. ~~Regular \$2.89~~ **Our price \$2.39**

PUMPKIN, Connecticut Field #Y4645 Connecticut Field is excellent for large Jack O' Lanterns. Averages 15 to 25 pounds. A bright orange, ribbed rind with deep yellow, coarse flesh. Plant 3 to 4 seeds per hill. Harvest when full color has developed, and the vine has dried. Days to Maturity: 100-110. 4.8 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

PUMPKIN, Big Max #Y1815 Giant, Cucurbita Maxima. Big Max is just the guy to put on display. He makes you smile! Big Max is nearly round, with slightly rough, red-orange skin and bright yellow-orange 4" thick flesh. He is not only fun to look at; he is also marvelous for baking and canning. Big Max is a good addition to your garden. Days to Maturity: 110-120. 3 g. packet, Livingston Seed Co. ~~Regular \$2.99~~ **Our price \$2.39**

PUMPKIN, Cinderella #Y8535 Cinderella Pumpkin is a special French heirloom variety, used for lasting autumn decorating. The beautiful, reddish-orange pumpkin is recognized by its flattened, ribbed shape, similar to a wheel of cheese. Cinderella is not only known for its beauty, also for its taste: often used for baking and canning. Days to Maturity: 90-100. 2 g. packet, Livingston Seed Co. ~~Regular \$2.89~~ **Our price \$2.39**

PUMPKIN, Dill's Atlantic Giant #Y8545 Dill's Atlantic Giant Pumpkin has been described as the "granddaddy" of the giants. When the proper growing procedures are used, the size will increase to over 1,000 pounds. Dill's Atlantic is a light orange, slightly ribbed pumpkin. This is the variety to grow when competing for "who has the biggest pumpkin at the fair". Days to Maturity: 130. 2 g. packet, Livingston Seed Co. ~~Regular \$3.78~~ **Our price \$2.99**

PUMPKIN, Fairytale #Y8550 Fairytale Pumpkin is a popular French "cheese" pumpkin. The deeply lobed shape, and rich, deep tan color make this variety unique. The flesh is very fine grained and delicious for cooking or baking. Fairytale is a gorgeous pumpkin to grow in your garden. A good keeper. Days to Maturity: 90-100. 2 g. packet, Livingston Seed Co. ~~Regular \$2.99~~ **Our price \$2.39**

PUMPKIN, Jack O 'Lantern #Y4655 Create your own fun with the Jack O 'Lantern pumpkin. Perfect for Halloween decorating. Averages 8 to 15 pounds. Plant 3 to 4 seeds per hill. When plant starts to produce

fruits, keep watered for best performance. Harvest when the color is developed, and the vine is dried. Days to Harvest: 110. 4.8 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

PUMPKIN, Harvest Jack F1 #Y8560 Harvest Jack F1 is easy to grow, and high yielding. Its vigorous plant structure and medium-long fruits, make it a good choice for your garden. Harvest Jack F1 pumpkin is dark orange, with long handles. Days to Maturity: 105. 1.25 g. packet, Livingston Seed Co. ~~Regular \$2.99~~ **Our price \$2.39**

PUMPKIN, Hooligan F1 #Y8565 Hooligan F1 Pumpkin is a cute mini everyone loves. It is just right for decorating, adding a splash of orange and white. The mottled fruit is also tasty when microwaved for 4 minutes. Just slice off the top, scoop out the seeds, replace the top and enjoy! Days to Maturity: 95. 1 g. packet, Livingston Seed Co. ~~Regular \$2.99~~ **Our price \$2.39**

PUMPKIN, Casper #Y8530 Ghostly white! Casper is just right for planting and carving, and makes decorating easy. Fruits weigh 10 to 12 pounds, and measure 8 to 10 inches across. The orange flesh is rich in beta carotene. Preferred for pies, breads, and soups. Days to Maturity: 90-95. 3 g. packet, Livingston Seed Co. ~~Regular \$2.99~~ **Our price \$2.39**

PUMPKIN, Harvest Blend Minis #Y8555 Mini Harvest Blend is a mixture Hooligan, Gooligan, and Bumpkin hybrid pumpkins. Hooligan is a bi-colored orange and white mottled fruit. Gooligan is a white mini, and Bumpkin is dark orange, a little larger than Jack Be Little. All three are perfect for decorating, plus they have exceptional edible qualities. Days to Maturity: 95. 1.25 g. packet, Livingston Seed Co. ~~Regular \$3.29~~ **Our price \$2.59**

PUMPKIN, Howden #Y8570 Howden Pumpkin is the traditional pumpkin you think of when decorating for the fall festivities. It is a bright orange pumpkin, with thick flesh, easy to carve. Howden is a favorite, producing 4 to 6 pumpkins per vine. Days to Maturity: 110. 3 g. packet, Livingston Seed Co. ~~Regular \$2.89~~ **Our price \$2.39**

PUMPKIN, Lady Godiva #Y8587 Love to snack on pumpkin seeds? Then Lady Godiva Pumpkin is for you! This unique, ornamental pumpkin is not known for the flesh like other pumpkins. But, it has naked, hull-less seeds that are delicious roasted or raw. The Lady Godiva pumpkin is known to have up to a pound of seeds. Pumpkin seeds are a healthy snack for all ages. Days to Maturity: 100-110 days. 2 g. packet, Livingston Seed Co. ~~Regular \$2.99~~ **Our price \$2.39**

PUMPKIN, Mr. Pugly #Y8590 Mr. Pugly makes you smile. He is so fun to carve, and just the right whimsy for your fall displays. This is a pale orange, round pumpkin with dimpling and slight ribbing. Mr. Pugly is an excellent yielder. Days to Maturity: 100. 1.5 g. packet, Livingston Seed Co. ~~Regular \$3.29~~ **Our price \$2.59**

PUMPKIN, Rockafellow F1 #Y8610 Rockafellow is a fun pumpkin to grow. He is fun because he is just the right size to fit into any fall décor, plus small enough for children to carry. The smooth shell is perfect for painting funny faces. The 4 inch handle tops off Rockafellow's cute shape. Have fun growing! Days to Maturity: 95. 800 mg. packet, Livingston Seed Co. ~~Regular \$2.99~~ **Our price \$2.39**

PUMPKIN, Livingston Pie #Y6125 Livingston Pie Pumpkins has vigorous vines bearing round, 7-9 pound fruits. This is regarded as one of the best pie pumpkins. The sweet, pale orange flesh makes a velvety smooth pie. The skin is finely netted with a beautiful golden russet color. What a yummy way to enjoy the fall season! Days to Maturity: 85-90. 1 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

PUMPKIN, Wee Be Little #Y8620 Wee Be Little Pumpkin is the 1999 All-American Selections Winner, and can be a winner in your garden. The fruit is almost round, three inches by three inches, weighing one pound. This is a variety well suited for carving or painting. Also, Wee Be Little is a tasty, edible treat! Days to Maturity: 95. 1 g. packet, Livingston Seed Co. ~~Regular \$2.99~~ **Our price \$2.39**

PUMPKIN, Blue Doll #Y8525 Blue Doll Pumpkin is a unique pumpkin because of its almost square shape, with deep ribbing and its eye-catching shade of blue. Blue Doll's deep orange, sweet flesh can be used in baking and cooking. A good choice to use in your fall displays to add interest. Be the first in your neighborhood to go blue! Days to Maturity: 100. 1.5 g. packet, Livingston Seed Co. ~~Regular \$3.29~~ **Our price \$2.79**

PUMPKIN, Small Sweet Sugar Pie #Y4665 Small Sweet Sugar Pie pumpkin is the standard for baking – pumpkin types. Average weight is 5 to 7 pounds. Plant 3 or 4 seeds per hill. Not only use the flesh for baking, but also roast the seeds for a snack. Can be harvested when full color is developed (no green on them), and the vine has dried. Days to Maturity: 100. 3.3 g. packet, Livingston Seed Co. ~~Regular \$1.89~~ **Our price \$1.49**

PUMPKIN, Show Winner #Y8615 Show Winner Pumpkin is a “king size” pumpkin with “king size” qualities. When planted, you could have a rainbow grow in your garden. Show Winner could be green, orange, yellow, grey, or blue. This is a pumpkin winning the show with its size and color. Days to Maturity: 110. 1.5 g. packet, Livingston Seed Co. ~~Regular \$3.78~~ **Our price \$3.09**

PUMPKIN On A Stick, Red Ruffled Eggplant #Y8500 Pumpkin On A Stick is a fascinating plant. It gets its name from its appearance, but it is really an eggplant. Small flowers will begin to develop from the main stem in midsummer. Each eggplant ripens to a deep red-orange color. The stem is purple, with large, green leaves. Very easy to grow! Plant near a walk, patio, or high traffic area, so you can enjoy your visitor's comments. 1 g. packet, Livingston Seed Co. ~~Regular \$2.99~~ **Our price \$2.39**

RADISH, Champion #Y6130 Heirloom. Champion is a bright red, round, smooth radish the size of a silver dollar. A great choice for short season climates, because it does so well in cooler weather. Champion boasts crisp, firm white flesh, and a mild, sweet taste. Eat it fresh, use it as a garnish, or add to salads. The Cherry Belle type is easy to grow, very hardy, and slow to become pithy. Days to Harvest: 28. 3 g. packet, Livingston Seed Co. ~~Regular \$1.99~~ **Our price \$1.59**

RADISH, Easter Egg #y4695 Brighten your salad and vegetable tray with Easter Egg Radish. A colorful, mild texture of red, purple, and white globe-type radishes. Excellent firm, crisp quality. And easy-to-grow plant in the garden, or as a container vegetable Be festive! Days to Maturity: 28. 2 g. packet, Livingston Seed Co. ~~Regular \$1.89~~ **Our price \$1.49**

RADISH, Cherry Belle #Y4675 Cherry Belle is an All-American Award winner developed in Holland. It is the best-selling radish variety. The highly appealing bright red skin and crisp, white flesh are mild in taste. Cherry Belle Radishes are approximately .75 inches in diameter. This is an early to mature radish, that is easy to grow. Just the right touch to any salad, relish tray, or dip. Plant Cherry Belle Radish and have your own award winning garden! Days to Maturity: 22. 4.8 g. packet, Livingston Seed Co. ~~Regular \$4.69~~ **Our price \$1.39**

RADISH, Crimson Giant #Y4685 Crimson Giant is a mild-flavored radish, especially when young. This is an early variety. A nice touch in salads, or as a garnish. Best eaten when radishes reach 1.5 to 2 inches in diameter. Days to Maturity: 28. 4.8 g. packet, Livingston Seed Co. ~~Regular \$4.69~~ **Our price \$1.39**

RADISH, Early Scarlet Globe #Y4690 Early Scarlet Globe is a crisp, mild, tasty radish. A bright Scarlet color with white flesh. A good addition to salads and garnishes. Popular for its taste and quick yields. Maintain consistent moisture to keep radishes growing. Slow development will cause the radishes to be hot and pithy. Days to Maturity: 23. 4.8 g. packet, Livingston Seed Co. ~~Regular \$4.69~~ **Our price \$1.39**

RADISH, French Breakfast #Y4700 French Breakfast radishes are a rosy-red, cylindrical root with a blunt, white end. An elegant choice for a relish plate or salad. Very easy to grow. Is more heat tolerant than most radish varieties, if water is supplied regularly. Days to Maturity: 23. 5.4 g. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

RADISH, Sparkler White Tip #Y4705 Sparkler White Tip radish has gourmet appearance and quality. Sparkling white tips extend nearly halfway up the roots, and the brilliant red color up the tops shows up in strong contrast. A radish of excellent qualities: sweet-tender-crisp. Days to Maturity: 25. 4.8 g. packet, Livingston Seed Co. ~~Regular \$4.69~~ **Our price \$1.39**

RADISH, White Globe #Y4715 White Globe Radish is a wonderful globe-shaped radish, with a snow white skin and interior. These quick-growing radishes are suitable for both spring and fall planting. Best harvested when approximately 1 inch in diameter. The features of White Globe are a crisp, yet tender flesh, and a spicy flavor. Days to Maturity: 26. 2.4 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

RADISH, White Icicle #Y4720 A true radish. The White Icicle is medium to hot, and grows 4-5 inches in length. The medium-green tops can be eaten as greens. The pure white, slender roots add snappy taste to salads or relish trays. An easy plant to grow from spring through fall. Find out for yourself why this is a

favorite of home gardeners. Days to Maturity: 28. 5.4 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

RADISH, Purple Plum #Y6135 With its brilliant, purple roots, Purple Plum Radish looks like a plum. This is a sweet and crunchy radish which resists pithiness. Very tasty and beautiful in your fresh salads and garnishes. Tie a bunch together for a garnish on your relish tray. Days to Maturity: 25-30. 3 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

RUTABAGA, American Purple Top #Y4725 American Purple Top Rutabaga is a large, smooth, globe-shaped root with a deep purplish-red top above ground, and a light yellow body below. The sweet, yellow, fine-grained flesh turns bright orange when cooked. Have with your favorite entrée, by itself, or mashed with potatoes! Days to Maturity: 90. 4.8 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

SOYBEAN, Edible #Y4030 Have your taste and nutrition, too! Edible Soybeans are a protein source that can be eaten hot or cold. In addition to protein, soybeans are rich in vitamins A, B, B12 and C, and contain high levels of Calcium and Iron. For best taste, pick pods when full, but before any yellowing begins. Days to Maturity: 90-100. 13 g. packet, Livingston Seed Co. ~~Regular \$4.69~~ **Our price \$1.39**

SPINACH, America #Y6140 Heirloom. As are many heirloom varieties, America Spinach is known for its outstanding flavor. This is a savoy-leaved (curly leaves) plant that grows approximately 12 inches in width. Suitable for spring and fall sowing, producing fine quality plants. Enjoy fresh in your salads, or freeze for tasty dishes later. America Spinach is drought and heat tolerant. Compact variety. Days to Harvest: 45-55. 4 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

SPINACH, Bloomsdale Long Standing #Y4730 If you like spinach, you will love Bloomsdale Long Standing. Garden spinach is mild, tender, and totally delicious! Use it in salads or steam lightly just to wilt. Either way, spinach supplies you with plenty of vision-enhancing Vitamin A, Calcium and proteins. Days to Maturity: 48. 6.3 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

SPINACH, Olympia Hybrid #Y4732 The Spinach Olympia Hybrid is a proven performer. It is slow to "bolt" and provides heavy yields. This disease resistant variety offers smooth, easy-to-clean leaves. Days to Maturity: 75. 3.3 g. packet, Livingston Seed Co. ~~Regular \$2.49~~ **Our price \$1.79**

SPINACH, Giant Noble #Y8920 Gigantic. Giant Noble Spinach is a long-standing variety. Not only are the spinach leaves large, but they have a long growing season. Giant Noble is delicious fresh in salads, cooked, canned, or frozen. Rich in iron, calcium and vitamins, spinach is tasty and very nutritious. Eat healthfully! Days to Maturity: 43. 4 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

SQUASH, Cocozelle #Y6145 Cocozelle Squash is an Italian zucchini with a bush habit. Excellent grown in a small garden, as well as a container. Best harvested at 12 inches long, or shorter, for slicing, frying, and steaming. Pick often for prolonged harvest. Cocozelle is a good squash for freezing and canning. Days to Maturity: 50-60. 3 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

SQUASH, Table King Acorn #Y6150 Heirloom. Table King Acorn Squash is an excellent bush variety. Because of its compact habit, it fits perfectly in a container for the patio or in a smaller garden. The ideal squash for baking or steaming. Table King is an exceptionally easy veggie to grow. Days to Maturity: 58. 3 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

SQUASH, Bush Buttercup #Y4750 Bush Buttercup combines the sweet flavor of the Buttercup Squash with the bush growing habit required for small gardens. Buttercup Squash is delicious when prepared in any of several ways, including baked, steamed or simmered. Days to Maturity: 75. 2.5 g. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

SQUASH, Waltham Butternut #Y4760 Waltham Butternut is one of the most popular varieties. Very uniform 8 to 10 inch fruits have thick, cylindrical necks, and a very small seed cavity. Rind is a creamy-tan, and the yellow-orange flesh has delicious, sweet, and nutty flavor. Stores well. Heavy yielding plant. Days to Maturity: 100. 4 g. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

SQUASH, Delicata #Y4770 With its rich, yellow-orange flesh, this squash will impress and surprise with its sweet flavor. Delicata Squash is an excellent choice for a storage variety. Tastes best steamed or baked. Days to Maturity: 100. 1.5 g. packet, Livingston Seed Co. ~~Regular \$4.59~~ **Our price \$1.29**

SQUASH, Early Prolific Straightneck #Y4780 This is a space saving variety that yields prolifically. Early prolific can be steamed, stuffed, baked, or used fresh from the garden in salads. The yellow fruits have the best flavor when 4-7 inches long. The delicious flesh contains cancer fighting beta carotene. Days to harvest: 45. 4 g. packet, Livingston Seed Co. ~~Regular \$1.89~~ **Our price \$1.49**

SQUASH, Genoves #Y4790 Our favorite Italian zucchini! Each smoky green fruit grows from a large, open bush habit, and a golden bloom tops off the end of each fruit. Squash Genovese is a limited release in North America, yet, like any other zucchini, it has many broad uses. Try the blooms dipped in batter and fried. Days to Maturity: 50-60. 1.8 g. packet, Livingston Seed Co. ~~Regular \$1.59~~ **Our price \$1.29**

SQUASH, Mammoth Table Queen / Royal Acorn #Y4820 Mammoth Table Queen is an excellent acorn squash which grows on vines up to 8 feet long. Its flesh is sweet and yellow, with dark green skin. It can be baked for a wonderful side dish with butter and brown sugar. Mammoth Table Queen can be stored up to 6 weeks. Days to harvest: 85. 3.75 g. packet, Livingston Seed Co. ~~Regular \$1.89~~ **Our price \$1.49**

SQUASH, Improved Blue Hubbard #Y4800 A sweet tasting Squash that offers dark orange flesh of superior quality. These large, blue-green fruits are incredibly versatile whether decorating, baking, or freezing. Pick when the stem can be cracked. Days to Maturity: 95-110. 2 g. packet, Livingston Seed Co. ~~Regular \$1.59~~ **Our price \$1.29**

SQUASH, Spaghetti #Y4830 Yes, you can grow your own spaghetti! Spaghetti Squash is the closest thing to pasta. The sweet, golden fiber is delicious baked, served with butter and cheese, pesto, alfredo, marinara, and meatballs. Harvest when the rind is bright yellow. Grows cylindrically to approximately 4 pounds, 8 inches long by 5 inches wide. Days to Maturity: 80-95. 4.32 g. packet, Livingston Seed Co. ~~Regular \$1.69~~ **Our price \$1.39**

SQUASH, Summer Crookneck Early #Y4840 Summer Crookneck Early Squash is known for its taste and ease in growing. This proven variety has a distinctive buttery flavor, and is deep yellow in color, with a curved neck and a plump blossom end. For a continuous harvest all summer long, pick when the squash are 6 inches long. Simply delicious fresh from the garden, steamed, or baked. Days to Maturity: 48-55. 4 g. packet, Livingston Seed Co. ~~Regular \$1.89~~ **Our price \$1.49**

SQUASH, White Bush Scallop Patty Pan #Y4850 Juicy and delicious, White Bush Scallop Patty Pan Squash is a bush-type summer variety. A scalloped, pie-shaped fruit, 4-5 inches in diameter. The creamy white rinds turn chalky white at maturity. Fine-grained flesh is thick, tender, green tinged, with white. Very prolific. Days to Maturity: 45-55. 2.5 g. packet, Livingston Seed Co. ~~Regular \$1.59~~ **Our price \$1.29**

SQUASH, Yellow Scallop Bush #Y4860 A pleasant spin on the old American Heirloom white scallop variety! Yellow Scallop had never been as well known as its white cousin, but is just as enjoyable. Vigorous bush plants are good for both the garden and containers, and produce beautiful golden yellow squash. Fruit has a distinct mellow, nutty flavor. An easy squash to hollow out for stuffing and baking. Days to Maturity: 50-55. 4 g. packet, Livingston Seed Co. ~~Regular \$1.69~~ **Our price \$1.39**

SWISS CHARD, Bright Lights #Y4910 A rainbow of colorful stalks in red, white, yellow, gold, violet and orange. Leaves are very green or burgundy with colored veins. Very attractive in the vegetable garden, or in the flower bed. Use small, fresh leaves in salads and steam or stir-fry large leaves. Cook stalks as you would asparagus. Begin to harvest when plant is about 8 inches tall. Pick outer leaves first or harvest entire plant. A spring planting will produce all summer, if it is kept picked. Days to Maturity: 60. 1.2 g. packet, Livingston Seed Co. ~~Regular \$1.89~~ **Our price \$1.49**

SWISS CHARD, Fordhook Giant #Y4915 Hot weather spinach substitute! Fordhook's white stalks are excellent prepared like asparagus, too. An old favorite with glossy, dark green leaves. Nice, mild flavor makes it great in stir-fry, raw, or baked. Keep picked for extended harvest. Days to Maturity: 55. 4 g. packet, Livingston Seed Co. ~~Regular \$1.89~~ **Our price \$1.49**

SWISS CHARD, Rhubarb #Y4920 An attractive and delicious vegetable used similarly to spinach. Crimson-colored stalks somewhat resemble rhubarb in color and shape. Dark green leaves are slightly ruffled. Easy to grow and high in vitamin content. Days to Maturity: 55. 2.7 g. packet, Livingston Seed Co. ~~Regular \$1.79~~ **Our price \$1.39**

TOMATILLO #Y4925 Grow your own “south of the border” taste. Tomatillo is grown like a tomato, but has a tart flavor. It is usually used when still green and about the size of a large cherry tomato. The inside is white and meatier than a tomato. They are used in salsa, jams, and other Mexican recipes. Days to Maturity: 90-100. 300 mg. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

TOMATO, Beef Maestro #Y4940 Beef Maestro is the tomato to be respected! This tomato plant bears large yields of deep red, firm fruits. Worthy of its name, Maestro’s fruits are extra-large beefsteak type tomatoes. Tasty and vigorous, this indeterminate resists cracking and splitting. Days to Maturity: 80 from transplant. 125 mg. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

TOMATO, Best Boy #Y4950 Want something better than “Better Boy” tomato? Try “Best Boy”, the absolute best tomato! Not only the best taste, but also the most beautiful. Its large, 8 oz., firm red fruits mature early on compact plants. Disease resistant. Best Boy tomato is the best choice for your gardening season. Days to Maturity: 70. 100 mg. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.69**

TOMATO, Bush Beefsteak #Y4945 If you love a beefsteak but don’t have the space, the compact Bush Beefsteak is for you! Large clusters of smooth, richly red, 6 to 8 ounce fruit. A determinate type popular for its earliness and productivity. Days to Maturity: 62 from transplant. 200 mg. packet, Livingston Seed Co. ~~Regular \$4.79~~ **Our price \$1.39**

TOMATO, Brandywine Pink #Y4955 Heirloom. Ranked first in many taste tests! Brandywine sets the standard for the rest. You will love in on sandwiches, in salads, on relish trays, or as a meal all by itself! Produces fruit up to 1.5 pounds. Brandywine will win your taste test. Days to Maturity: 80-90. 180 mg. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.49**

TOMATO, Cherry Falls #Y4970 Cherry Falls Tomato has it all! The flavor is distinctively sweet. Tasty in salads, or fresh right off the vine. Growing Cherry Falls is easy, and harvesting is a snap. Try container gardening with this variety and enjoy the yummy rewards! Days to Maturity: 50-55. 150 mg. packet, Livingston Seed Co. ~~Regular \$2.49~~ **Our price \$1.79**

TOMATO, Chocolate Cherry #Y4975 Especially when chocolate-colored plants are all the rage, why not surprise yourself with this chocolate-colored cherry tomato? A sturdy indeterminate, Chocolate Cherry Tomato grows 1 inch tomatoes that resemble chocolate drops: round and perfect! Growing in clusters of 8, Chocolate Cherry Tomatoes resist cracking and do not shake easily from the plant. Days to Maturity: 70. 150 mg. packet, Livingston Seed Co. ~~Regular \$4.89~~ **Our price \$1.59**

TOMATO, Independence Day #Y4990 Start your Independence Day Tomato early and have garden-fresh tomatoes by the 4th of July. The attractive orange-red fruits are approximately 2.5 inches in diameter, with a sweet flavor very different from the other early varieties. Perfect for salads or fresh from the garden. Days to Maturity: 55. 175 mg. packet, Livingston Seed Co. ~~Regular \$4.99~~ **Our price \$1.59**

TOMATO, Livingston’s Grape #Y4985 Livingston’s Grape Tomato is a miniature roma-shaped fruit bursting with intense, sweet flavor. Great for garden snacking, salads, and growing for market. Incredibly heavy set of one inch grape-type tomato fruits. Fruits have a very long shelf life. Days to Maturity: 75-80. 80 mg, packet, Livingston Seed Co. ~~Regular \$2.49~~ **Our price \$1.79**

TOMATO, Celebration Hybrid #Y4960 This is a large, firm, red tomato worth celebrating. The exceptional flavor adds interest to salads, sandwiches, or just on its own.
